# **I. TAX INCREMENT FINANCING OVERVIEW**

Tax increment financing (“TIF”) is a tool Texas local governments use to finance public improvements within a defined area. These improvements are intended to promote development or redevelopment in the defined area and surrounding areas. The statute governing tax increment financing is codified in Chapter 311 of the Texas Tax Code (the “Tax Code”). Chapter 311 is often referred to as the Tax Increment Financing Act and it allows municipalities to create “reinvestment zones” within which various public improvements can be undertaken.

A municipality makes an area eligible for tax increment financing by designating a reinvestment zone. Essentially, for the City to initiate the designation of an area as a reinvestment zone, the area must 1) substantially arrest or impair the sound growth of the municipality creating the zone, retard the provision of housing accommodations, or constitute an economic or social liability and be a menace to the public health, safety, morals, or welfare in its present condition; or 2) be predominately open and, because of obsolete platting, deterioration of structure or site improvements, or other factors, substantially impair or arrest the sound growth of the municipality; or 3) be in a federally assisted new community located in the municipality or adjacent to such property.

At the time an area is designated a reinvestment zone for tax increment financing, the existing total taxable value of real property in the zone is identified and designated as the “base value.” All taxing units that levy taxes in the zone during the life of the TIF will continue to receive the tax revenues derived from the “base value.”

As new development is added to the tax rolls within the TIF area, total assessed valuations rise. This rise in new value is measured annually and is called the “captured appraised value”. The taxes that are collected by the participating taxing jurisdictions on the incremental increase between the original “base value” and the current year’s “captured appraised value” is the “tax increment”. Each taxing unit choosing to participate in the TIF will agree to deposit a portion or all of the taxes generated from the “tax increment” into a TIF fund administered by a TIF Board that is appointed by the local taxing units.

The TIF Board uses the tax increment to make public improvements in the area to attract private development that would not otherwise occur or that may not occur until a much later date. Additionally, the TIF Board may enter into development agreements to participate in new development or redevelopment or to facilitate the financing of eligible public improvements that support the objectives of the TIF District as described within the Project Plan and Financing Plan (the “Plan”) as adopted by the TIF Board and participating local taxing units.

The TIF District ends on the earlier of 1) the termination date contained in the ordinance establishing the zone or 2) the date on which all project cost have been paid in full. Any

revenues remaining in the TIF fund after the dissolution of the TIF are returned pro rata to each participating taxing unit.

## **II. PROJECT AND FINANCING PLAN**

This Project and Financing Plan for the City of Fort Worth Tax Increment Reinvestment Zone Number Seventeen (“Near West Side TIF”) serves to guide the long-term governance of the TIF and to guide the support or funding of any eligible projects as may be considered necessary and appropriate to the advancement of the district. Except as otherwise prescribed, allowed for, or prohibited by state law, the powers and restrictions of the Near West Side TIF will be as provided for in this Plan.

The adoption of this Plan is done in recognition of the continued set of conditions that apply to the area located within the boundaries of the Near West Side TIF which require or might otherwise benefit from the form of support contemplated by Chapter 311 of the Tax Code and that may be further improved by the support and resources of the Near West Side TIF.

## **III. THE PROJECT PLAN**

### **A. DESCRIPTION OF THE ZONE**

Although near to multiple high-growth districts located west of the Fort Worth Central Business District, properties within Tax Increment Reinvestment Zone Number Seventeen (“Near West Side TIF”) have been hampered by significant infrastructure challenges, the imposing cost of historic restoration, preservation, or adaptive reuse, and the susceptibility of various portions of the district to flooding that together impede the level or quality of investment and new development that has been seen nearby in recent years. The area of the Near West Side TIF is generally anchored by the Westside Drive (formerly known as White Settlement Road) corridor in the north of the district, Farrington Field in the south of the district, University Drive in the west, and the western boundary of Tax Increment Reinvestment Zone Number Nine in the east. Although certain properties located within the district have seen substantial development over the past fifteen years (primarily those located on or near Crocket Street and Foch Street), the broadening of investment and development activity throughout the district have been impeded by the challenges described above. Nevertheless, this development activity, together with the continued growth and development of the Fort Worth Cultural District and Central Business District, demonstrate the broad possibilities for the development and revitalization of property located in the Near West Side TIF.

The Near West Side TIF is an ideal tool for addressing the significant infrastructure needs and other public improvements necessary for the area and critical to the sustainable, long-term growth and revitalization of the district.

The Project Plan of the Near West Side TIF is intended to address those challenges that are common to the area encompassed by the TIF boundaries through public improvements that may include, in general, road improvements, public water and sewer line improvements, the improvement or construction of educational facilities, demolition and environmental remediation, streetscaping and pedestrian improvements, public parking infrastructure, certain public amenities, and public-private partnership for the development of the district and its economy.

In general, the TIF Plan contemplates that local governmental entities, prospective developers or business tenants of properties located within the TIF, or certain quasi-governmental or non-profit entities may fund portions of public infrastructure or other public improvements utilizing financial support from the TIF Board through development agreements that provide for conditional funding or for the reimbursement of eligible expenses for these projects. It is also anticipated that the TIF Board may undertake certain public improvement projects dependent upon sufficient funding availability from tax increment in an effort to further enhance the area, thereby making it more attractive to new development and redevelopment, and, more generally, supporting a fuller realization of the goals, objectives, and vision established for the Near West Side TIF district upon its initial establishment.

Projects will qualify for assistance by the use of TIF funds if those projects meet at least one of the criteria outlined below. Qualifying for assistance does not mean that the project will automatically receive TIF assistance. Only projects in which the TIF Board has approved participation by the use of TIF funds through a development agreement will receive assistance.

Although more specifically prioritized projects are individually identified in the Financing Plan, projects will, in a more general sense, be eligible for consideration for support by the by the Near West Side TIF upon and subject of conditions approved by the TIF Board, including:

- Mixed-use development
- Infrastructure improvements, including new or upgraded water lines and the installation of stormwater infrastructure that resolve or mitigate flooding within the district
- Historic preservation or restoration
- Board-approved streetscape improvements
- Board-approved public amenities and parks improvements
- Public parking facilities, easements, or lease instruments
- Public safety improvements
- Adaptive reuse of an existing building
- Transit or Transit-oriented development

- Projects that lead to substantial direct job creation, corporate relocation, or otherwise contribute significantly to the strengthening of a target industry as identified in the City of Fort Worth Economic Development Strategic Plan then in effect
- Educational facilities
- Transportation improvements that substantially enhance accessibility and mobility within the area
- Demolition of structures that are deemed substandard or otherwise impair the development of the district
- Mixed-income and affordable housing

## **B. PROPOSED CHANGES TO CURRENT ORDINANCES AND CODES**

No changes are anticipated to current zoning and design districts applicable to the Near West Side TIF.

## **C. ESTIMATED PRIVATE INVESTMENT (NON-PROJECT COSTS)**

Although analysis of the value of private investment from specific near-term projects has been limited, the estimated incremental value of property more generally (inclusive of the value of future new investment) has been incorporated into the financial projections presented in the Financing Plan. Where possible, the estimated value of known or anticipated private development projects have also been incorporated into the financial projections as based on information known to City staff as of the writing of this Plan. These financial projections are subject to change based on changes to local and national economic and financial conditions. Nevertheless, it is anticipated that with the successful delivery of the various public improvements outlined in the Plan, a significant portion of the Near West Side TIF will be better positioned for investment and development, thereby creating the potential for new incremental property value to be created within the district.

## **D. METHOD OF RELOCATING DISPLACED PERSONS**

No person shall be displaced as a result of implementing the Plan.

## **IV. THE FINANCING PLAN**

### **A. PROPOSED PROJECTS AND IMPROVEMENTS**

The support and development of the Near West Side TIF will consist of a combination of public improvements and private investment projects. Given the broad-based opportunities and potential project needs found throughout the district, both now and anticipated for the coming twenty-year period, the Financing Plan is organized in such a manner as to recognize and prioritize those improvements in the district that of highest near-term importance and which may catalyze investment in, improvements to, and the development of the Near West Side TIF.

#### **i. Proposed Improvements**

The Near West Side TIF will, by its administration and by the long-term strategic, financing, and budgetary decisions of the TIF Board, plan for the potential support of the following projects and their associated improvements (the “Proposed Projects”), with the understanding that final prioritization of TIF commitments, including any that may not be listed but are otherwise eligible under the Plan, is ultimately at the discretion of the Near West Side TIF Board. Such currently prioritized projects are, based on present conditions and known opportunities, as listed below:

- Stormwater and Flood Control Improvements;
- Road and Streetscape Improvements;
- Parking Improvements; and
- Farrington Field (Preservation, Restoration, Adaptive Reuse, Facilities Modernization) and other improvements to Educational Facilities as defined under Section 311.008 of the Tax Code

#### **ii. Other / General Improvements**

In addition to the projects described above, and subject to Board approval on a case-by-case basis, other eligible improvements relating to Board-approved projects listed in the Project Plan will include the types of improvements described below:

- Road and Access Improvements - Street, traffic, utility, drainage and other public infrastructure projects within the TIF boundaries, including projects that improve access to and from the TIF area, such as rail crossings or rail overpasses.
- Public Infrastructure Improvements - Public water and sewer line improvements, electric utility improvements, demolition and environmental remediation projects

within TIF boundaries.

- Streetscaping and Pedestrian Improvements – Landscaping and sidewalk improvements, installation of pedestrian lighting, benches and wayfinding signage as well as other improvements within the public right-of-way that enhance the pedestrian experience or provide for public safety.
- Public Parking Infrastructure (structured) – Construction of new parking facilities or improvements to existing parking facilities that dedicate spaces for use by the general public either through fee-simple conveyance to a public entity participating in the TIF, through the conveyance of a parking easement, or by a lease instrument.
- Civic Space and Public Amenities – Improvements to parks, public plazas or similar public improvements that support development and redevelopment within TIF boundaries
- Demolition and Environmental Remediation – Demolition of existing structures or improvements at, above or below grade in association with Board-approved projects as listed in the Project Plan and site improvements that address existing conditions that pose concerns to the environment or public health.
- Historic Façade Preservation and Restoration – Improvements to the exterior façade of buildings that are designated (i) Historic Significant Endangered (“HSE”) or (ii) as Historic and Cultural Landmark (“HC”) by the City or, as a condition precedent to receipt of funding, will be designated as such upon completion of the designation process.
- Administrative Expenses – Up to four percent (4%) of annual revenues collected by the Near West Side TIF may be used for eligible administrative expenses as permitted by Chapter 311 of the Tax Code, provided that the total annual amount of projected administrative expenses for the TIF be presented to the TIF Board as part of an annual budget of overall annual TIF revenues, expenditures, and fund balance.

### iii. Economic Development Program Grants (Chapter 380 Agreements)

As may be necessary or convenient to the support of eligible projects described in the Plan, the TIF Board is authorized to enter into economic development program agreements providing for the conditional grant of TIF funds pursuant to Chapter 380 of the Texas Local Government Code (“Chapter 380 Agreements”) as authorized by and in accordance with Section 9 of the City of Fort Worth Policy, Guidelines and Procedures for Tax Increment Reinvestment Zones as adopted in March 2023 and Section 311.010(h) of the Texas Tax Code.

## **B. TAX INCREMENT REVENUE PROJECTIONS**

### **i. Economic Feasibility**

City staff has determined that the Project and Financing Plan is economically feasible per the tax increment financing projections included in Table “1”. It is anticipated the City of Fort Worth, Tarrant County, Tarrant County College District, the Tarrant Regional Water District, and the Fort Worth Independent School District will participate in the TIF district in order to have TIF funds available for TIF Project funding. These financial projections also show the TIF Project Costs may be supported over the course of the term by the total increment generated exceeds the total TIF Project Costs.

### **ii. Bonded Indebtedness**

The potential direct or indirect bonded indebtedness of the Near West Side TIF may be necessary in relation to eligible projects. In particular, it is anticipated that several Proposed Improvements may require bond financing with full or partial participation by the Near West Side TIF. Any such indebtedness will require specific TIF Board approval and should reflect best practices concern public bond finance review and underwriting.

### **iii. Projection of Revenues**

This section outlines the estimated zone tax increment. The zone tax increment will depend on many factors, including (a) the base value of real property in the zone subject to property tax; (b) captured appraised value; (c) annual growth of the zone’s taxable real property (which largely depends on private growth within the zone); (d) participation by tax units; (e) tax rates; (f) collection rates; and (g) the term of the zone. Each of these factors is discussed in turn.

(a) Taxable Appraised Value for 2024 (the Base Value). The base value of the Near West Side TIF will be the taxable value of all property located within the boundaries of the district as determined by the Tarrant Appraisal District for the 2024 Tax Year, an amount estimated to be \$1,108,023,173.

(b) Captured Appraised Value. Table 1 sets forth the estimated total appraised value of property in the zone over the life of the TIF (estimated to be approximately \$5,514,034,308 in fiscal year 2045).

(c) Expected Annual Growth of the Zone’s Taxable Real Property. The estimated captured appraised value (thus reflecting estimated growth of real property taxable values) of the zone for each year of its existence and the estimated tax increment to be generated annually in total and from each taxing entity is outlined in Table 1.

(d) Participation by Tax Units. Although each taxing entity has not agreed to a specific level of participation, the financial projections set forth in the Plan anticipates that the City of Fort Worth, Tarrant County, Tarrant County College, and Tarrant Regional Water District will participate in the zone, by contributing a percentage of each entity’s tax increment with respect to the zone as indicated below:

**Near West Side TIF Participation Rates**

<u>Participating Entity</u>	<u>Participation Rate</u>
City of Fort Worth	50%
Tarrant County	35%
Tarrant County College District	35%
Tarrant Regional Water District	35%
Fort Worth Independent School District	35%

No cap shall apply to the collective revenues or expenses of the Near West Side TIF except as may be applicable to the contributions of individual entities participating in the Near West Side TIF per the terms of their participation agreement.

It is proposed that Fort Worth Independent School District participate for the term of the Near West Side TIF (subject to terms provided for through a TIF participation agreement) in order to support improvements to Educational Facilities as defined under Section 311.008 of the Tax Code.

The City of Fort Worth will, for the term of the TIF, deduct from its annual contributions to the Near West Side TIF the value of any economic development program grants or abated City ad valorem taxes associated with any real property located within the boundaries of the TIF that is subject to an active City Tax Abatement Agreement or Economic Development Program Agreement that has been executed or duly authorized by the City Council prior to December 31<sup>st</sup> of the Base Year to the extent that all or a portion of such grants or abated taxes might constitute a withholding from the City’s annual contribution to the TIF fund.

- (e) Projected Tax Rates. Property tax rates are assumed to remain constant.
- (f) Projected Collection Rates. The Plan assumes a one hundred percent (100%) collection rate.
- (g) Term of the Zone. The term of the zone will be 20 years, expiring on December 31, 2045, beginning with that zone tax increment generated by the 2025 tax appraisal and ending with that zone tax increment generated by the 2045 tax appraisal.

iv. Estimated Payment of Project Costs

Based on the assumptions and estimates set forth in the information above, it is expected that the zone tax increment will be sufficient to pay in full all project costs (including interest).

v. Tax Exemptions Issued by Participating Taxing Entities

All taxing entities that participate in the zone shall retain the right to grant tax exemptions as permitted by applicable law to properties located in the zone for purposes including but not limited to 1) historic preservation and restoration, 2) homestead exemptions, and other limited or non-material deductions that might amount to a withholding of otherwise agreed upon contributions to the TIF Fund. This shall not include any form of tax abatement or grant of tax funds collected by either of the participating taxing entities without prior approval by the TIF Board pursuant to Section 311.013(f) of the Texas Tax Code.

vi. Administration

The Near West Side TIF will be administered by the City of Fort Worth Economic Development Department.

## IV. SUMMARY OF PROJECT COSTS AND FINANCING

### A. Anticipated TIF Projects\*

	<b>Estimated Costs</b>
Stormwater and Flood Control Improvements	\$150,000,000
Road and Streetscape Improvements	\$30,000,000
Public Safety Improvements	\$10,000,000
Parking Improvements	\$10,000,000
Farrington Field (Preservation, Restoration, Adaptive Reuse, Facilities Modernization)	\$55,000,000
Other Public Improvements and TIF Administration	\$5,500,000
<b>TOTAL ESTIMATED PROJECT COSTS</b>	<b>\$260,500,000</b>

\* Project costs assume interest associated with reimbursement for public improvements.

Note: The amounts outlined above are strictly estimates and do not serve as caps on any specific item. Eligible project costs not outlined above may be funded on a specific project as approved by the TIF Board.

### B. Anticipated TIF Revenues

• City of Fort Worth	\$ 151,085,831
• Tarrant County	\$ 40,758,242
• Tarrant County College District	\$ 24,385,385
• Tarrant Regional Water District	\$ 5,803,974
• Fort Worth Independent School District	<u>\$ 38,754,844</u>
<b>TOTAL REVENUE</b>	<b>\$ 260,788,276</b>

## V. TABLES
