DISCUSSION:

The proposed Tax Abatement Reinvestment Zone No. 104, City of Fort Worth, Texas (TARZ 104) is for the property located at 5650 Alliance Gateway in Fort Worth, Texas (Property). A more detailed description of the Property is included as Exhibit A to the attached Ordinance. Beauty Manufacturing Solutions Corp., or an Affiliate, (Company) is considering leasing at least 400,000 square feet of existing manufacturing space on the Property to develop a manufacturing facility. The proposed project is anticipated to result in at least \$70 million in real and business personal property investment (\$30 million in construction costs and \$40 million in business personal property that will be installed at the facilities), along with the creation of at least 250 full-time jobs with a minimum salary of \$65,800.00.

Designating this area as a reinvestment zone allows the City the option to enter into a tax abatement agreement with the Company to help facilitate development within this area.

As required by Chapter 312 of the Texas Tax Code, a public hearing must be conducted regarding the creation or expansion of a Reinvestment Zone. Notice of this hearing was delivered to the governing body of each affected taxing unit and published in a newspaper of general circulation at least seven days prior to this hearing.

Pursuant to Chapter 312 of the Texas Tax Code, the area encompassing the proposed TARZ 104 meets the statutory criteria for designation as a Tax Abatement Reinvestment Zone because the area is likely, as a result of the designation, to contribute to the retention or expansion of primary employment or to attract major investment in TARZ 104 that would be a benefit to the Property and that would contribute to the economic development of the City. Further, the proposed improvements and investments are feasible and practical and would be a benefit to the land to be included in the TARZ 104 and to the City after the expiration of any tax abatement agreement.

The term of TARZ 104 will be ten years from the date of adoption of the attached Ordinance and may be renewed for periods not to exceed ten years each unless otherwise allowed by law.

The proposed zone is located in COUNCIL DISTRICT 7.
