

**CITY OF FORT WORTH
CHAPTER 252 EXEMPTION FORM**

Instructions: Fill out the entire form with detailed information. Once you have completed this form, provide it to the Purchasing attorneys for review. The attorneys will review the information you have provided to determine whether an exemption to Chapter 252's bidding requirements is defensible. Failure to provide sufficient information may result in follow up questions and cause a delay in the attorney's determination.

Section 1: General Information

Projected M&C Date:	November 18, 2025

How will this item or service be used? The Fort Worth Police Department will use Peregrine primarily to search multiple databases in the Real-Time Crime Center (RTCC) to be more efficient in its investigations. Currently, the RTCC has to independently search for information in the Report Management System, Computer Aided Dispatch system, Automated License Plate Reader systems, Video Management Systems, Digital Evidence Systems, and Gun Shot Detection systems. Peregrine will allow the RTCC to search for information seamlessly. Peregrine will allow Commanders and Crime Analysts to conduct detailed analysis of crime statistics in real-time to develop operational and strategic crime reduction plans that are more effective and efficient. As the RTCC becomes regional, Peregrine will allow RTCC and

partnering agencies to share the previously stated data sets for more effective regional efforts to impact violent crimes in progress. As stated above, RTCC does not have the ability to search for information in one platform, but must manually access multiple systems to obtain information. Peregrine will connect the systems seamlessly providing real-time crime information that can be shared within the Police Department and other law enforcement agencies.

Has your department started a requisition or otherwise contacted the Purchasing Division related to obtaining this good/service? Yes ☐ No ☒

If yes, please provide requisition number or brief explanation of contact with Purchasing Division: N/A

Section 2: Claimed Exemption and Justification (Other than sole source)

NOTE: For sole-source exemption requests, complete Section 3.

Please indicate the non-sole-source exemption you believe applies to the purchase and provide information to support its applicability. Please refer to the Exemption Primer (starting on page 5) for detailed information about common exemptions:

- ☐ A procurement necessary to preserve or protect the public health or safety of the City of Fort Worth's residents;
- ☐ A procurement necessary because of unforeseen damage to public machinery, equipment, or other property;
- ☐ A procurement for personal, professional, or planning services;
- ☐ A procurement for work that is performed and paid for by the day as the work progresses;
- ☐ A purchase of land or a right-of-way;
- ☐ Paving drainage, street widening, and other public improvements, or related matters, if at least one-third of the cost is to be paid by or through special assessments levied on property that will benefit from the improvements;
- ☐ A public improvement project, already in progress, authorized by the voters of the municipality, for which there is a deficiency of funds for completing the project in accordance with the plans and purposes authorized by the voters;
- ☐ A payment under a contract by which a developer participates in the construction of a public improvement as provided by Subchapter C, Chapter 212;

- ☐ Personal property sold:
- at an auction by a state licensed auctioneer;
 - at a going out of business sale held in compliance with Subchapter F, Chapter 17, Business & Commerce Code;

Section 3: Claimed Sole-Source Exemption and Justification

NOTE: For all non-sole-source exemption requests, complete Section 2.

Please indicate the sole-source exemption you believe applies to the purchase and provide information to support its applicability. Please refer to the Exemption Primer (starting on page 5) for detailed information about common exemptions:

- ☒ items that are available from only one source because of patents, copyrights, secret processes, or natural monopolies;
- ☐ films, manuscripts, or books;
- ☐ gas, water, and other utility services;
- ☐ captive replacement parts or components for equipment;
- ☐ books, papers, and other library materials for a public library that are available only from the persons holding exclusive distribution rights to the materials; and
- ☐ management services provided by a nonprofit organization to a municipal museum, park, zoo, or other facility to which the organization has provided significant financial or other benefits;

How did you determine that the item or service is only available from one source?

Internet search for law enforcement data integration platform software produced 1) Veritone which is for analyzing data only; 2) Vector Solutions which is for training, scheduling, and wellness data only; 3) Datawalk which has a single repository for all data but does not connect with other outside

entities; its functions rely on artificial intelligence and graph knowledge. Datawalk may also require custom interfaces for some data sources.

Attach screenshots and provide an explanation of any independent research you conducted, through internet searches, searching cooperatives, or discussions with others knowledgeable on the subject matter that corroborate that the item is available only from a single source.

No other law enforcement data integration platform provides the integrated data analysis capabilities that Peregrine offers while meeting Criminal Justice Information Services requirements.

Did you attach a sole source justification letter? ☒ Yes ☐ No

Describe the uniqueness of the item or service (e.g. compatibility or patent issues, etc.).

Peregrine will not require any custom interfaces to connect with existing Fort Worth Police Department FWPDP software programs and data. Peregrine will seamlessly integrate with applications such as CentralSquare CAD and RMS, Flock Safety ALPR, Milestone VMS, Axon Evidence.com, and Flock gun shot detection system. Peregrine allows for seamless movement of data between those applications without having to export/import information. Peregrine may be used on desktop computers, laptops, tablets, and mobile devices, unlike any other law enforcement data integration platform. Duplicate information is eliminated using Peregrine proprietary algorithms automatically. Other Peregrine proprietary algorithms allows users to upload critical information in other file formats which are automatically formatted for data integration. Peregrine has a proprietary law enforcement ontology that automatically establishes relationships between data elements across all systems. Peregrine uses a proprietary integration framework, ontology, and granular security model to allow secure collaboration within FWPDP and with other public/private entities; this is not available under any other law enforcement data integration platform. For example, FWPDP will be able to collaborate in real-time with Dallas Police Department. Collaboration under Peregrine ensures compliance with internal security requirements and Criminal Justice Information Services (CJIS) requirements. FWPDP will be able to add other data sources for integration into Peregrine in the future without limitation. Peregrine is hosted on the secure, CJIS-compliant Amazon Web Services (AWS) Government Cloud region. Peregrine meets all standards and controls according to current CJIS security policies. No other law enforcement data integration platform offers the capabilities mentioned above; Peregrine will meet the current and future needs of FWPDP supporting more efficient investigations and real-time, detailed crime statistics analysis with which to develop operational and strategic crime reduction plans. Peregrine Technologies, Inc. holds U.S. Patent 12,321,330 B1 dated June 3, 2025.

EXEMPTION FORM PRIMER

Below are explanations and examples of common exemptions that could apply to City purchases. If you have questions about the information provided or need additional information, please contact your department's assigned attorney or the appropriate purchasing attorney.

- **PUBLIC HEALTH & SAFETY** - A procurement necessary to preserve or protect the public health or safety of the municipality's residents;

Examples of activities that have been found to fall within this exception include ambulance services; solid waste collection and disposal; and first-responder safety equipment such as breathing apparatus for firefighters and bullet-proof vests for police officers.

- **UNFORESEEN DAMAGES** - A procurement necessary because of unforeseen damage to public machinery, equipment, or other property;

Examples of this type of procurement would include repairing or replacing roofs and windows damaged by hail or a tornado. But parts and services for routine maintenance or replacement of old, worn out roofs or windows would not meet this exception.

- **PERSONAL, PROFESSIONAL, OR PLANNING SERVICES**

Personal services are ones that are unique to the individual providing them. Therefore, personal services contract cannot generally be subcontracted or assigned.

Professional services are not defined under Chapter 252, so there is no precise definition to follow. While there is no universal definition of this term, "several cases suggest that [these types of services are] 'predominately mental or intellectual, rather than physical or manual.'" Tex. Atty Gen Op. JM-940 (1988) (*quoting Maryland Casualty Co. v. Cray Water Co.*, 160 S.W. 2d 102 (Tex. Civ. App.—Eastland 1942, no writ). The Texas Attorney General has also opined that "professional services" no longer includes only the services of lawyers, physicians, or theologians, but also those members of disciplines requiring special knowledge or attainment and a high order of learning, skill, and intelligence. *Id.*

Facts needed to support a professional service exemption include the specialized requirements of that profession and the mental and intellectual skill required by the person while performing the service. Purchases of goods are not professional services.

- **SOLE SOURCE** – A procurement for items available only from one source

This exemption is commonly referred to as the sole source exemption. The fact that the vendor in question has the best price or can meet our timing needs does not make a purchase of a good or service available from only one source. A sole source does not exist solely on the basis of personal or departmental preference or a desire to keep all units the same brand or make. The information needed to support this exemption is documentation showing that

no other provider can provide the service or category of good except for the vendor you are proposing. Some examples of sole source purchases include (i) service agreements when only one vendor is authorized to work on the equipment by the manufacturer and allowing another vendor would void the warranty and (ii) purchase of a good that is copyrighted or trademarked and only provided by one vendor.
