DISCUSSION:

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law, allocating \$10,000,000,000.00 in funding to be awarded as economic relief to eligible U.S. airports affected by the COVID-19 pandemic. This funding will help eligible U.S. airports prevent, prepare for, and respond to the COVID-19 impacts, including support for continuing airport operations. The funds will be available to:

1. Keep airports in reliable, safe operation to serve the aviation industry, the travelling public, and in support of the economy;
2. Keep airport and aviation workers employed; and
3. Keep airport credit ratings stable.

Based on a classification provided by the Federal Aviation Administration (FAA) for CARES Act Grant funds offered to each airport, Fort Worth Alliance Airport is eligible to receive up to \$157,000.00 under the program. Per the FAA, the CARES Act will provide "Funding to support continuing operations and replace lost revenue resulting from the sharp decline in passenger traffic and other airport business due to the COVID-19 public health emergency. The funds are available for airport capital expenditures, airport operating expenses including payroll and utilities, and airport debt payments." Thus, the Aviation Department will expend these funds in accordance with the FY2020 Council approved operating and capital budget and may include covering tenant default losses, reductions in fuel flowage fees due to decreased aircraft operations, capital expenses associated with a reduction in air traffic control operating hours, or payroll expenses, due to loss of revenue.

Funding from the CARES Act will be paid at 100% of the federal share, therefore no City match is required.

This grant will incur no reimbursable indirect costs.

Fort Worth Alliance Airport is located in COUNCIL DISTRICT 7.

A Form 1295 is not required because: This contract will be with a governmental entity, state agency or public institution of higher education: Federal Aviation Administration

FISCAL INFORMATION / CERTIFICATION:

The Director of Finance certifies that upon approval of the above recommendations and adoption of the attached appropriation ordinance, funds will be available in the current operating budget, as appropriated, in the Muni Airports Grants Federal Fund. The Aviation Department (and Financial Management Services) will be responsible for the collection and deposit of funds due to the City. Prior to an expenditure being incurred, the Aviation Department has the responsibility to validate the availability of funds. This is a reimbursement grant.
