**RECOMMENDATION:**

It is recommended that the City Council authorize individual agreements with C. **DISCUSSION:**

The Transportation and Public Works Department (TPW) approached the Purchasing Division with the intent to procure services for the installation of erosion control blankets and silt fences. TPW will use the blankets and fences to help prevent surface erosion from run-off and maximize the potential for establishing vegetation. All products and materials will be provided to the job site by TPW/Stormwater Operations Division.

The Invitation to Bid (ITB) was advertised in the *Fort WorthStar-Telegram* on Wednesday's, from May 20, 2020 through June 3, 2020. Purchasing received two responses, and subsequently chose to award portions of the bid to each vendor. Potere Construction, LLC., will be awarded \$28,750.00 and C. Green Scaping, LP will receive \$102,800.00. The Purchasing Division evaluated each vendor's response and determined that this would be the most cost effective plan for the City, as well as, providing opportunities for multiple vendors to benefit from the contract.

Each vendor has been awarded the contract to provide the installation of the services as listed below:
