DISCUSSION:

The City of Fort Worth Transportation and Public Works Department on behalf of Starlight Homes requests the temporary closure of a section of WJ Boaz Road between Bob Hanger Road and Old Decatur Road for storm drain and concrete pavement improvements (City Project No. 104753). This project will consist of removing the existing asphalt road and paving a new concrete roadway. It includes installing storm drains at various locations, with reinforced concrete pipe sections crossing WJ Boaz Road. Additionally, it will include installation of curb inlets, laterals, sidewalks, and street lighting. Access will always be available to local residents. The Development Services project manager has confirmed that the public has been notified of the project and informed of closure and traffic control plans for this project have been previously accepted.
