LOG NAME: 20EXTEND TEMPORARY CLOSURE OF PARKER HENDERSON ROAD

SUBJECT

(CD 5) Authorize Continuation of the Temporary Closure of Parker Henderson Road between David Strickland Road and 75 Feet North of Willow Springs Mobile Home Park Driveway for Construction Purposes to March 31, 2021

RECOMMENDATION:

It is recommended that the City Council authorize the continuation of the temporary closure of Parker Henderson Road between David Strickland Road and 75 feet north of the Willow Springs Mobile Home Park driveway to March 31, 2021 for construction purposes.

DISCUSSION:

The City of Fort Worth Transportation and Public Works Department (TPW) requests extending the closure of Parker Henderson Road from David Strickland Road to 75 feet north of Willow Springs driveway to March 31, 2020 for the installation of storm drain boxes on Prairie Dog Creek (City Project No. C01419). The request for this additional extension is due to ongoing and delayed underground utility construction. Mayor and Council Communication (M&C 20-0359) authorized the initial road closure.

Parker Henderson Road is a 22 foot wide asphalt roadway and is to be reconstructed from Mansfield Highway to Kellis Street over the next several months. While it is planned to keep Parker Henderson Road open during construction and most of this upcoming project, this particular closure is necessary as the size of the storm boxes being installed measure 11x11 feet. This section of roadway, as well as the remainder of Parker Henderson Road, will be constructed with concrete. Local residents shall have access to their properties at all times, and alternate access will be provided to Prairie Dog Park.

Traffic control plans for this project have been previously accepted.

A Form 1295 is not required because: This M&C does not request approval of a contract with a business entity.

FISCAL INFORMATION / CERTIFICATION:

The Director of Finance certifies that approval of this recommendation will have no material effect on City funds.
