

Neighborhood Impact:

88 Traditional Detached
Single-Family Homes
FAMILIES

Melanie Angel, 1000th homeowner

“...We had to travel 111 miles to school and work every day in order to live somewhere affordable and big enough for our family

This *new beginning* offers us the opportunity to have a nice house that belongs solely to me and my children, ensuring *security and independence* for my family!”
– Melanie Angel

Join Trinity Habitat for Humanity in a new era of affordable homeownership...
Neighborhood Developments

Your generous contributions can directly support the land acquisition,

development, and construction costs of **Garden Springs**.

Support the dream of affordable homeownership for 88 local families.
