M/WBE OFFICE – McClendon Construction Company, Inc. is in compliance with the City's BDE Ordinance by committing to 5 percent MBE participation and documenting good faith effort. McClendon Construction Company, Inc. identified several subcontracting and supplier opportunities. However, the firms contacted in the areas identified did not respond or did not submit the lowest bids. The City's MBE goal on this project is 15 percent.

The 2018 Bond Program funding was included in the 2020-2024 Capital Improvement Plan for project PB0001. In order to administratively track the spending of all funding sources in one project, appropriation ordinances are needed to move appropriations from the programmable project to the jointly funded static project. This action will update the 2020-2024 Capital Improvement Plan.

FISCAL INFORMATION / CERTIFICATION:

The Director of Finance certifies that funds are available in the current operating budget of the Water & Sewer Fund, and upon approval of the above recommendations and adoption of the attached appropriation ordinances, funds will be available in the current capital budgets, as appropriated, in the Water and Sewer Capital Projects Fund and 2018 Bond Program Fund. Prior to any expenditure being incurred, the Transportation & Public Works and Water Department have the responsibility to validate the availability of funds.
