Dear Ms. Goodrich:

Enclosed is a check from the Amon G. Carter Foundation in the amount of \$375,000. This payment to the Housing Development Corporation of Fort Worth is in satisfaction of our November 2020 commitment to assist with architectural, design, and program planning for the new multi-purpose community center in the Stop Six area.

As previously stated, the Carter Foundation applauds Fort Worth Housing's success in securing one of HUD's highly competitive Choice Neighborhood Program grants. We commend the thoughtful planning and analysis that went into developing this public-private-community partnership to develop a Transformation Plan for this target area. We are pleased to participate on the front end of this community center "Hub" project.

Please acknowledge receipt of these funds and use for expenses associated with the architecture and design work associated with the Multipurpose Center which will be located in the 5100 Block of Avenue G by signing and returning the enclosed copy of this letter. I noticed the City Council's action referenced our grant for \$50,000 less than our committed amount. The difference is available for other expenses that are likely to arise during the planning phase.

We are proud to support the City of Fort Worth and Housing Solutions in this important revitalization project.

Sincerely,

John H. Robinson
Executive Vice President
