RECOMMENDATION:

It is recommended that the City Council authorize the execution of non-exclusive agreements granting a non-exclusive privilege to Jaguar Waste Management, LLC; Redcloud Disposal, Limited Liability Company; Renegade Roll-offs & Hauling, LLC dba EnviroHauling Services; Rosales Companies Inc dba American Si Waste; S&H Waste Disposal Services, L.L.C.; and TJ Ranches, LLC dba TJ Services to use public streets, alleys and thoroughfares within the City for the business of collecting municipal solid waste pursuant to Chapter 12.5, Article VIII "Solid Waste and Recycling," Division 5 "Private Collectors" of the City Code.

DISCUSSION:

Since 1998, the City of Fort Worth (City) has authorized private waste hauling companies which haul municipal solid waste to use City streets to conduct their business through a non-exclusive privilege agreement. To comply with this requirement, waste hauling companies must first complete an application that the Director of Environmental Services ("Director") reviews and approves. Once approved, the City Council must authorize the City to grant private waste hauling companies a non-exclusive privilege through a Non-Exclusive Grant of Privilege Agreement ("GOP Agreement.") Previous Mayor and Council Communications have authorized the City to execute GOP Agreements with various companies.

The following six (6) companies submitted applications for non-exclusive privilege agreements to collect and transport municipal solid waste generated by businesses, industries and apartment complexes in Fort Worth.

The six companies which have submitted applications ("Applicants") are listed below:

- Jaguar Waste Management, LLC
- Redcloud Disposal, Limited Liability Company
- Renegade Roll-offs & Hauling, LLC dba EnviroHauling Services
- Rosales Companies Inc dba American Si Waste
- S&H Waste Disposal Services, L.L.C.
- TJ Ranches, LLC dba TJ Services

In accordance with the City Code, each of the Applicants, if approved, shall pay to the City a fee equal to 10 percent of gross revenues, including indirect revenue generated from fees or surcharges, derived from collecting and transporting municipal solid waste within the City.

The Director has determined that the Applicants meet the requirements of the law and the City Code. Accordingly, the Director recommends that the City Council authorize the execution of GOP Agreements with each of the Applicants.

FISCAL INFORMATION / CERTIFICATION:

The Director of Finance certifies that upon approval of the above recommendation and execution of the agreement, funds will be deposited into the Solid Waste Fund. The Environmental Services Department (and Financial Management Services) is responsible for the collection and deposit of funds due to the City.
