- (2) a. A monthly volume charge shall also be charged to residential customers in the amount of four dollars and thirty cents (\$4.30) per one hundred (100) cubic feet of water used, and to nonresidential/non-monitored customers in the amount of four dollars and twenty-five cents (\$4.25) per one hundred (100) cubic feet of water used, or wastewater produced, as more specifically set forth hereinafter.

b. The monthly volume charges for residential class customers will be based on the individual customer's average monthly water use during the preceding winter quarter months of December, January and February. The volumes used to compute these charges are based on the amount of water used by the residential class customer as measured by a meter. Where no preceding winter quarter average is available from records, the director shall estimate a volume to be used for this monthly volume charge.

c. The monthly charges to the nonresidential/non-monitored customers will be based on total water use as measured by appropriate meters, with the provision that if a customer can prove, to the satisfaction of the director, that a significant portion of the metered water usage does not enter the sanitary sewers, the customer will be charged for only that volume entering the sewers, as determined by a method approved by the director.

SECTION 4.

That the monthly volume rates for the monitored class as described in Section 35-56(d) of Chapter 35 of the Code of the City of Fort Worth (2015), as amended, is hereby amended to read as follows:

(1) The director shall establish a monitored group class, consisting of those customers whose wastewater strength is, in his or her judgment, abnormally high or whose wastewater contains limited substances or materials, and charges to customers in this class shall be computed in accord with the following five-part rate schedule:

Monitored Group	
Volume charge, per 100 cubic feet	\$2.78
Biochemical Oxygen Demand strength charge, per pound of BOD	\$0.2697
Suspended solids strength charge per pound of suspended solids	\$0.1978
Dissolved solids strength charge, per pound of dissolved solids (applicable to gas well drillers)	\$0.0420

Monitoring and pretreatment charge = Total actual cost

- (2) The monitoring charge shall consist of all cost for personnel, material and equipment used to collect and analyze samples from the customer's wastewater to determine the strength of the wastewater produced and, when appropriate, to inspect pretreatment facilities, to administer pretreatment permit systems and to enforce ordinance requirements. Pretreatment requirements primarily affect industries that are subject to 40 CFR, Part 403, General Pretreatment Regulations.
- (3) This schedule shall replace all other charges previously made for industrial waste strength.

SECTION 5.

This ordinance shall be cumulative of all provisions of ordinances and of the Code of the City of Fort Worth, Texas (2015), as amended, except where the provisions of this ordinance are in direct conflict with the provisions of such ordinances and such Code, in which event conflicting provisions of such ordinances and such Code are hereby repealed.

SECTION 6.

It is hereby declared to be the intention of the City Council that the sections, paragraphs, sentences, clauses and phrases of this ordinance are severable, and, if any phrase, clause, sentence, paragraph or section of this ordinance shall be declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality

shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this ordinance, since the same would have been enacted by the City Council without the incorporation in this ordinance of any such unconstitutional phrase, clause, sentence, paragraph or section.

SECTION 7.

This ordinance shall take effect on January 1, 2026.
