

Zoning Staff Report

Date: June 06, 2026

Case Number: ZC-26-040

Council District: 6

Zoning Map Amendment

Case Manager: [Beth Knight](#)

Owner: SDS3, LLC

Applicant: Kate, Rhett & Lucas Heartsill

Site Location: 5773 W. Risinger Road

Acreage: 5.26 ac

Request

Proposed Use: Mini-warehouses

Request: To: Amend "PD 1236" to include attached signage, [site plan included](#)

Recommendation

Land Use Compatibility: Requested change **is compatible.**

Comprehensive Plan Map Consistency: Requested change **is consistent**

Comprehensive Plan Policy Consistency: Requested change **is consistent.**

Staff Recommendation: **Approval**

Zoning Commission Recommendation: **Approval by a vote of 11-0**

Project Description and Background

The case was continued from a previous meeting. The property is located at the southwest corner of W. Risinger Road and SH 121T/Chisholm Trail Parkway. SH 121T/Chisholm Trail Parkway lies along the eastern boundary, with W. Risinger Road being the site’s northern boundary, and Brewer Boulevard on the site’s western edge. The land between the Chisholm Trail Parkway and Brewer Boulevard is a mix of commercial zoning adjacent to W. Risinger Road. Residential uses including single family and multifamily are noted further to the north, west, and south.

Chisholm Trail Parkway is covered by a scenic corridor that limits detached freeway signs that would normally be allowed; signs attached to buildings are not impacted. The site was rezoned in 2019 from its based “G” Intensive Commercial zoning to a “PD” Planned Development to allow mini-warehouses. While the tollway had been constructed at this point, concerns remained over the types and amount of signage allowed, so the “PD” was approved without allowing any signs attached to the buildings. The applicant is requesting to amend the “PD” and remove the attached signage restriction, allowing attached signs that would otherwise meet the sign ordinance. The subject site has visibility from both the north- and south-bound lanes of SH 121T. Despite the current sign restrictions, the applicants have added unpermitted banners on the northern building, facing Risinger Road, and have attached signage to the western fence.

Images from Google Street View

Surrounding Zoning and Land Uses

North “A-5”, “R1”, “C”, “G”, “PD 1422” for “R1” uses / single family, assisted living facility, City park, SH 121T, vacant land
East “C” / SH 121T, vacant land covered with floodplain,
South “G”, “PD 1298” for “CR & “C” uses / multifamily, gas wells, vacant land
West “A-5”, “E” / single family houses, private school

Recent Zoning History

ZC-19-037, from “G” to PD for G uses plus self storage facility, approved with restriction of no attached signage, 5/8/2019.

Development Impact Analysis

Land Use Compatibility

The applicant is proposing to amend the site’s “PD” Planned Development standards from not allowing any attached signage to allowing three attached signs. The proposed signs range from 122 square feet to 237 square feet, 4.5 feet by 27 feet and 5.5 feet by 43 feet respectively. The attached signs proposed are smaller than the size that would normally be allowed by right. While the surrounding uses are largely undeveloped or primarily residential uses, the adjacent commercial use to the west, partially covered by the scenic corridor, does have an attached sign on the building, as well as a detached monument sign in the northwest corner. Removing the attached signage restriction does not increase the land use intensity of the mini-warehouses, and the proposed sign locations would face an arterial roadway, adjacent commercial zoning, and a gas well. Any additional lighting from the signs are not anticipated to impact the nearby residential uses nor the drivers on SH 121T/Chisholm Trail Parkway. The proposed zoning amendment **is compatible** with surrounding land uses.

Comprehensive Plan Consistency – Far Southwest Planning Sector

The 2023 Comprehensive Plan currently designates the subject site as **General Commercial** on the Future Land Use Map, which is designed to have predominantly residential and commercial land uses to serve the larger community. The proposed rezoning **is consistent** with the Comprehensive Plan map designation.

The proposed zoning is not consistent with the following policies of the Comprehensive Plan:

- Preserve the character of rural and suburban residential neighborhoods.
- Locate large commercial and institutional uses adjacent to arterial streets, preferably at the intersections of other arterials and highways.
- Separate incompatible land uses with buffers or transitional uses. Some land uses have attributes such as height, proportion, scale, operational characteristics, traffic generated, or appearance that may not be compatible with the attributes of other uses.
- (specific to the Far Southwest Sector) Encourage major employers, retail, and urban residential to locate at or near proposed transit stops and entryways to the Chisholm Trail Parkway toll road., and the Walsh Ranch and Veale Ranch Growth Centers.

Based on conformance with the future land use map and with the policies stated above, the proposed zoning is **consistent** with the Comprehensive Plan.

Public Notification

Written Notice

Written notice of the Zoning Commission public hearing was mailed to the owners of real property within 300 feet on **March 27, 2026**.

Posted Notice

A sign was erected on the property on **March 17, 2026**.

Published Notice

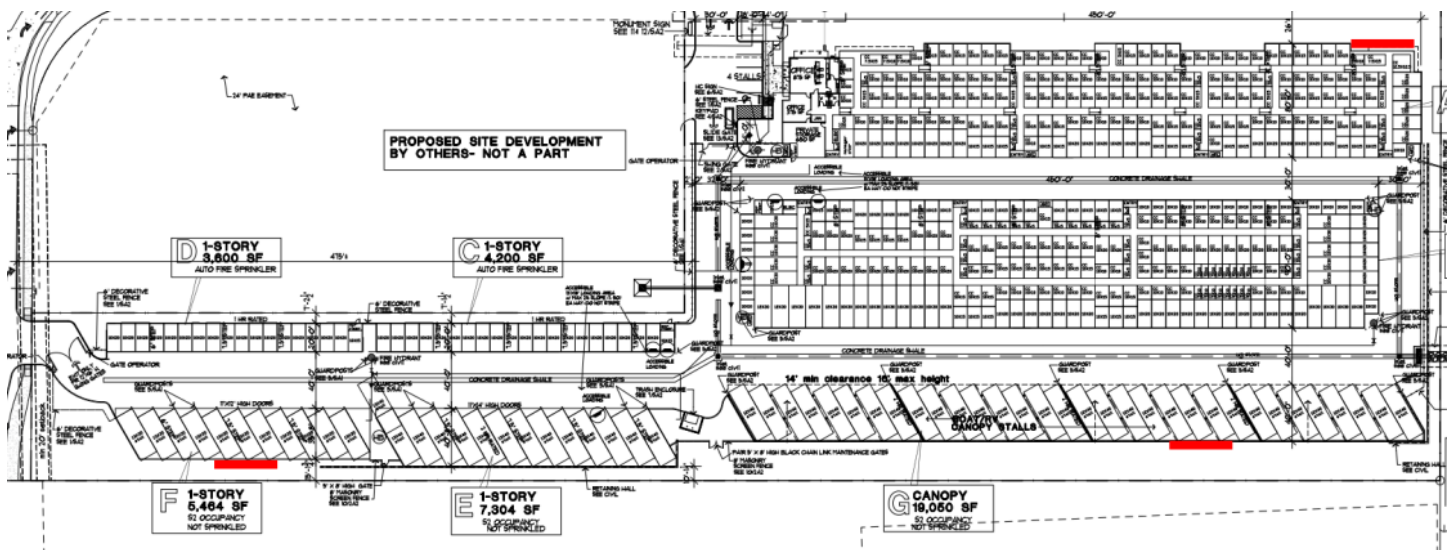

A notice of the public hearing before the City Council will be published in the Fort Worth Star Telegram at least 15 days before the hearing.
