

City of Fort Worth, Texas

Mayor and Council Communication

DATE: 01/27/26 M&C FILE NUMBER: M&C 26-0074

LOG NAME: 20INTERLOCAL AGREEMENT WITH CITY OF KENNEDALE

SUBJECT

(CD 8) Authorize Execution of an Interlocal Agreement with the City of Kennedale for Roadway Use and Improvements on Dick Price Road

RECOMMENDATION:

It is recommended that the City Council authorize execution of an Interlocal Agreement with the City of Kennedale for roadway use and improvements on Dick Price Road.

DISCUSSION:

The City of Fort Worth desires to perform roadway improvements to Salt Road, which provides critical ingress and egress to the Southeast Landfill. These improvements cannot be made without re-routing landfill egress traffic to Dick Price Road. Article IV of the Kennedale City Code imposes a permit and bond requirement and fee up to \$600/year per vehicle on certain oversize and overweight vehicles operating on Dick Price Road. City of Kennedale has agreed to enter into an Interlocal Agreement (ILA) with the City of Fort Worth. Under the terms of the agreement, Kennedale will suspend its permit requirements and waive all applicable fees and bonding requirements for truck traffic using Dick Price Road during the repair of Salt Road, allowing trucks to use Dick Price Road as the landfill exit route. The breakdown of responsibilities associated with the proposed ILA is as follows:

- City of Fort Worth will be responsible for the maintenance of Dick Price Road from Shady Lane to the transition point between the asphalt and concrete during the reconstruction of Salt Road.
- Trash and debris shall be collected on a regular schedule by Fort Worth from the Southeast Landfill's eastern gate to the railroad crossing on Dick Price Road.
- City of Fort Worth will procure construction services and pay for the reconstruction of Dick Price Road in an estimated cost of \$900,000.00 from the railroad tracks to Averett Road as a part of the Fiscal Year 2027 Paygo program.

Most of the proposed roadway improvements of Dick Price Road are within the city limits of Fort Worth.

This project is located in COUNCIL DISTRICT 8.

A Form 1295 is not required because: This contract will be with a governmental entity, state agency or public institution of higher education: City of Kennedale

FISCAL INFORMATION / CERTIFICATION:

The Director of Finance certifies that upon approval of the above recommendation and adoption of the Fiscal Year 2027 Budget by the City Council, funds will be available in the Fiscal Year 2027 operating budget, as appropriated, in the General Fund. Prior to an expenditure being incurred, the Transportation and Public Works Department has the responsibility to validate the availability of funds.
