

**ORDINANCE No. \_\_\_\_\_**

**AN ORDINANCE ADOPTING A WATER MAIN CAPACITY CHARGE PURSUANT TO SECTION 35-90 OF THE CITY CODE FOR A DEVELOPER-INITIATED 24-INCH NORTHSIDE III WATER TRANSMISSION MAIN TO SERVE THE SHALE CREEK DEVELOPMENT AND SURROUNDING AREAS, LOCATED AT THE INTERSECTION OF STATE HIGHWAY 114 AND SOUTH COUNTY LINE RD; MAKING THIS ORDINANCE CUMULATIVE OF OTHER ORDINANCES; REPEALING ALL ORDINANCES IN CONFLICT HEREWITH; PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE DATE.**

**WHEREAS**, Chapter 35 of the City Code, “Water and Sewers”, Article III, Division 4, entitled “Water Main Capacity Charges”, provides for the adoption of Water Main Capacity Charges by City Council to allow for developers and the City to recover costs incurred from installing water mains offsite of a development and sets forth the method and procedures for assessing reimbursements from subsequent developers wishing to connect to the offsite water mains;

**WHEREAS**, LENNAR HOMES OF TEXAS LAND AND CONSTRUCTION, LTD., hereinafter referred to as “Developer”, has initiated construction of a frontage water main to serve its development at the intersection of State Highway 114 and South County Line Rd; and

**WHEREAS**, The City of Fort Worth Water Department cost participated to upsize the water main to 24-inch diameter pipe to serve surrounding areas.

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF  
THE CITY OF FORT WORTH, TEXAS:**

**SECTION 1.**

The City Council finds, in accordance with the Code of the City of Fort Worth as amended (2015), Chapter 35 “Water and Sewers”, Article III, Division 4, Sections 35-87 through 35-93, that the Developer has initiated construction of a frontage water main to serve the Shale Creek development located at the intersection of State Highway 114 and South County Line Rd. The Water Department cost participated to upsize the Northside III water main to 24-inches in diameter.

**SECTION 2.**

The City Council finds that \$1,097,066.99 is the City cost participation to construct the Developer-initiated 24-inch diameter Northside III water transmission main. Therefore, \$85,977.04 per MGD is the Water Main Capacity Charge to be assessed if the plat meets the definition of “Other Development” as defined in Section 35-88 of the City Code. The City Council further finds that the Water Main Capacity Charge has been calculated in accordance with the requirements of Section 35-92 of the City Code. The Water Main Capacity Charge shall reimburse the City of Fort Worth Water Department.

### **SECTION 3.**

The City Council also hereby directs the City of Fort Water Department to review the plats that are located in or around the boundary area as described in Exhibit “A” to determine if a charge for reimbursement will be assessed in accordance with Section 35-93 of the City Code.

### **SECTION 4.**

This ordinance shall be cumulative of all provisions of ordinances and of the Code of the City of Fort Worth, Texas (2015), as amended, except where the provisions of this ordinance are in direct conflict with the provisions of such ordinances and such Code, in which event conflicting provisions of such ordinances and such Code are hereby repealed.

### **SECTION 5.**

It is hereby declared to be the intention of the City Council that the sections, paragraphs, sentences, clauses and phrases of this ordinance are severable, and, if any phrase, clause, sentence, paragraph or section of this ordinance shall be declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this ordinance, since the same would have been enacted by the City Council without the incorporation in this ordinance of any such unconstitutional phrase, clause, sentence, paragraph or section.

**SECTION 6.**

This ordinance shall be effective upon adoption.
