DISCUSSION:

The land rights in the subject property are needed for the reconstruction and widening of Avondale Haslet Road from Willow Creek Drive to the eastern city limits of the City of Haslet at John Day Road (City Project No.101014). This project consists of widening and reconstructing approximately 2.4 miles of the existing two-lane asphalt roadway to a four-lane, divided, concrete urban arterial. The roadway improvements include improved drainage collection and drainage crossings designed for a 100-year storm, street illumination, ten-foot shared-use paths and traffic signal improvements at three intersections along Avondale Haslet Road.

An independent appraisal established fair market value for the right-of-way property interest in the total amount of \$1,927.00. Negotiations were unsuccessful due to the inability to negotiate agreeable terms for the property interest being acquired by the City.

Upon approval, a condemnation action will be brought and a Special Commissioners' hearing held to acquire the right-of-way easement interest on the property.
