RE: Appeal to distance measurement

Project: 4450 Boat Club

We are applying for a distance measurement appeal. Our client currently operates a restaurant in the city of Fort Worth. The restaurant previously sold beer, wine, and mixed drinks; the previous owner allowed for the license to expired. The current owner/tenant being the process to get a license to sell beer, wine, and mixed drinks. The city of Fort Worth denied the distance measurement because of the existing school near the property. We are requesting for the Board of Adjustment to review our request, our property is located at the rear of the school, both properties are fenced in, there is no access from the school our restaurant, this is separated from our business by an alley way and fences. We have signs inside our restaurant that we have to checked ID's before serving alcohol, we enforce that rule, we would never sell to an underage individual, we are aware of the proximity of the school We would like to serve beer, wine, and mixed drinks to the community, we have multiple homes near us, and customers are asking us to sell these products, see attached signatures of individuals who would like us to serve.

Please review our proposal, let us know if you have additional questions, we will respond promptly.

Sincerely,

Roberto Nunez, **M. Arch.**
