

**CITY OF FORT WORTH
CHAPTER 252 EXEMPTION FORM**

Instructions: Fill out the entire form with detailed information. Once you have completed this form, provide it to the Purchasing attorney for review. The attorney will review the information you have provided to determine whether an exemption to Chapter 252's bidding requirements is defensible. If you are printing this form to provide to Legal, please do not provide the Primer portion. Failure to provide sufficient information may result in follow up questions and cause a delay in the attorney's determination.

Section 1: General Information

Requesting Department: Police/Crime Lab/Chemistry Unit

Name of Contract Manager: Cassie Johnson

Department's Attorney: Taylor Paris

Item or Service sought:

Goods:

Service:

Anticipated Amount: ~\$119,199.55 (\$26,184 for dry pumps with Green PM upgrade + \$93,015.55 for GCMS)

Vendor: Agilent Technologies, Inc

Current/Prior Agreement for item/service: Yes No

CSC or Purchase Order #: N/A

Amount: N/A

Projected M&C Date: N/A

How will this item or service be used? The GCMS (gas chromatography mass spectrometer) will be used by the Crime Lab's Chemistry Unit for the identification of controlled substances.

The dry pumps are used in conjunction with the Chemistry Unit's GCMS instruments. The pumps provide the vacuum needed to draw out air so that the instruments function properly. The Green PM upgrade is used to ensure proper maintenance and performance of the equipment.

Section 2: Claimed Exemption and Justification (Other than sole source)

NOTE - For a claimed sole-source exemption, complete Section 3.

Please indicate the non-sole-source exemption you believe applies to the purchase and provide information to support its applicability. Please refer to the Exemption Primer for detailed information about common exemptions:

- A procurement necessary to preserve or protect the public health or safety of the City of Fort Worth's residents;
- A procurement necessary because of unforeseen damage to public machinery, equipment, or other property;
- A procurement for personal, professional, or planning services;
- A procurement for work that is performed and paid for by the day as the work progresses;
- A purchase of land or a right-of-way;
- Paving drainage, street widening, and other public improvements, or related matters, if at least one-third of the cost is to be paid by or through special assessments levied on property that will benefit from the improvements;
- A public improvement project, already in progress, authorized by the voters of the municipality, for which there is a deficiency of funds for completing the project in accordance with the plans and purposes authorized by the voters;
- A payment under a contract by which a developer participates in the construction of a public improvement as provided by Subchapter C, Chapter 212;
- Personal property sold:
 - at an auction by a state licensed auctioneer;
 - at a going out of business sale held in compliance with Subchapter F, Chapter 17, Business & Commerce Code;
 - by a political subdivision of this state, a state agency of this state, or an entity of the federal government; or
 - under an interlocal contract for cooperative purchasing administered by a regional planning commission established under Chapter 391;
- Services performed by blind or severely disabled persons;
- Goods purchased by a municipality for subsequent retail sale by the municipality;
- Electricity; or

Advertising, other than legal notices.

Please provide details and facts to explain why you believe the exemption applies to the purchase. You may also attach documentation to this form.

Section 3: Claimed Sole-Source Exemption and Justification

NOTE - For any non-sole-source exemption, complete Section 2.

Please indicate the sole-source exemption you believe applies to the purchase and provide information to support its applicability. Please refer to the Exemption Primer for detailed information about common exemptions

*A procurement of items that are available from only one source, including:

- items that are available from only one source because of patents, copyrights, secret processes, or natural monopolies;
- films, manuscripts, or books;
- gas, water, and other utility services;
- captive replacement parts or components for equipment;
- books, papers, and other library materials for a public library that are available only from the persons holding exclusive distribution rights to the materials; and
- management services provided by a nonprofit organization to a municipal museum, park, zoo, or other facility to which the organization has provided significant financial or other benefits;

How did you determine that the item or service is only available from one source?

Email communication from Agilent Technologies indicates that the Green PM Upgrade is only an option if the customer (i.e. Crime Lab) has an existing support agreement in place with Agilent Technologies, which the Crime Lab does. Agilent specifically said this upgrade cannot be purchased from another vendor and that it would invalidate the existing support agreement. See attached e-mail.

Agilent Technologies is the sole ISO 9001 certified equipment manufacturer of the GCMS 8890 configured with options. Agilent is the sole source provider for the proprietary software used by the Crime Lab.

Attach screenshots and provide an explanation of any independent research you conducted, through internet searches, searching cooperatives, or discussions with others knowledgeable on the subject matter that corroborate that the item is available only from a single source.

Agilent Technologies is the ISO 9001-certified source for factory-authorized service, including installation, for all Agilent hardware, software, parts, training, technical support, and on-site

service/support. Only Agilent service representatives are certified through current and ongoing training and hold factory authorization to perform service on Agilent equipment. No other individuals, third parties, or equipment manufacturers outside of Agilent's authorized service provider network are certified, authorized, or warranted to provide service or support for Agilent products. Services performed by providers who are not Agilent factory-authorized could invalidate Agilent's warranties or service contracts and/or lead to irreparable damage and/or cause safety hazards.

Did you attach a sole source justification letter? Yes No

Describe the uniqueness of the item or service (e.g. compatibility or patent issues, etc.).
The combined equipment (dry pumps) and service (Green PM upgrade) can only be purchased from Agilent. This upgrade cannot be purchased from a third party vendor as it would invalidate the Crime Lab's existing support agreement. The Green PM Upgrade includes a new dry pump, adapters, installation, and checkout/MDS tuning.
As the manufacturer, Agilent is the only company that supports their hardware and software.
The GCMS 8890 is compatible with the Crime Laboratory's other Chemistry Unit equipment and standard operating procedures.

Section 4: Attorney Determination

With the facts provided by the department, is the use of the claimed exemption defensible if the City were to be challenged on this purchase? Yes No.

Was there anything attached to this form that was relied on in making this determination? Yes No.

If yes, please explain: Sole source letter dated 4/15/22, emails dated 4/12/22 from Agilent regarding invalidation of support agreement if purchased from a third party vendor

Was there anything not included on this form or attached hereto that was relied on in making this determination? Yes No.

If yes, please explain:

Will the standard terms and conditions apply? Yes No.

Will the contract require special terms? Yes No.

Will the contract require review by the department attorney? Yes No.

Agilent Technologies, Inc. is the sole equipment manufacturer for the items listed on attached Quote **3938999** and is the ISO 9001-certified source for factory-authorized service, including installation and familiarization, for all Agilent hardware and software, parts, training, technical support, and at-your-site service and support procedures. Only Agilent service representatives are certified through current and ongoing factory training and hold factory authorization to perform service on Agilent equipment. Agilent does not certify, authorize, or warrant any individuals, third parties, or other equipment manufacturers outside Agilent's authorized service provider network to provide service or support for any Agilent product. Services performed by providers who are not Agilent factory-authorized could invalidate Agilent's warranties, and/or lead to irreparable damage, and/or cause safety hazards. Please be advised of that authorization. Please contact Agilent if there is a question related to a particular company's claim to be factory authorized or certified.

Below you will find items in support of Agilent's position as a sole source service provider for Agilent hardware and software products:

- Agilent is the sole source for factory-authorized service from factory-trained and -certified representatives. Only Agilent representatives and Agilent authorized service providers are able to attend factory training, including update trainings, and to receive ongoing service notes in order to remain certified and authorized. Further, only factory-authorized representatives are backed by Agilent's factory engineering and global product support infrastructure. Current, up-to-date factory training records are available on-demand from Agilent covering all specific Agilent instrument models listed on a bid or quotation.
- Any former Agilent employee forfeits factory authorization upon termination of Agilent employment.
- Agilent is the sole source of genuine component parts and replacement parts. And, Agilent's global service parts logistics network manages a \$30M+ inventory of parts with greater than 96% on-time service parts delivery performance.
- Agilent is the sole source for proprietary factory recommended software updates/upgrades, engineering upgrades, and maintenance procedures.
- Agilent is the exclusive provider of Agilent Remote Advisor, the only platform capable of accessing and monitoring built-in system intelligence from Agilent instruments to provide remote diagnostics and detailed operational reports.
- Agilent is the sole source of Agilent Enterprise Edition qualification procedures and the Agilent Compliance Engine software providing automated, metrology-based compliance testing, documentation and reporting.
- Agilent is the sole contact for escalation to Agilent's factory for engineering expertise and, if deemed necessary by Agilent, replacement of an entire instrument at no cost while covered by an Agilent service agreement through the Agilent Service Guarantee (available with CrossLab Bronze, Silver or Repair Service. PM Only agreements not included).

Sincerely,

A handwritten signature in black ink that reads "Lindsay Willett".

Subject: RE: City of Fort Worth / GREEN PM Upgrade

Hello Maria,

As we discussed on the telephone today, the attached GREEN PM Upgrade Quote #5000996536 is an upgrade to your existing Active Support Agreement Contract #5000929304. I've attached both of these documents above for your reference. Customers can only purchase the GREEN PM Upgrade, if they have an existing support agreement in place with Agilent Technologies. This upgrade includes a new dry pump, adapters, installation and checkout/MSD tune. This is not an upgrade that can be purchased from a third party vendor, as that would invalidate your existing support agreement. This should be a sole source purchase.

I hope that this answers your questions. Please let me know if you have any additional questions. Thank you very much.

Regards,

Mike Wolnik

Subject: RE: City of Fort Worth / GREEN PM Upgrade

Hello Maria,

As we discussed on the telephone today, the attached GREEN PM Upgrade Quote #5000996536 is an upgrade to your existing Active Support Agreement Contract #5000929304. I've attached both of these documents above for your reference. Customers can only purchase the GREEN PM Upgrade, if they have an existing support agreement in place with Agilent Technologies. This upgrade includes a new dry pump, adapters, installation and checkout/MSD tune. This is not an upgrade that can be purchased from a third party vendor, as that would invalidate your existing support agreement. This should be a sole source purchase.

I hope that this answers your questions. Please let me know if you have any additional questions. Thank you very much.

Regards,

Mike Wolnik

This Quotation is valid only for the period indicated. All Services quoted are subject to the Agilent Service Terms (<http://www.agilent.com/en-us/services/e16s-us-canada-mexico>) and the Agilent Service Exhibits referenced above. Products, parts and software are subject to the Agilent Terms of Sale (<http://www.agilent.com/en-us/services/e16s-us-canada-mexico>). Products or Services that are manufactured, configured or adapted to meet Customer's requirements are subject to the Agilent Terms of Sales - Custom products (<http://www.agilent.com/en-us/services/e16s-us-canada-mexico>). If you have a previously signed agreement with Agilent covering such Products, Services or spare parts, the terms of that agreement will take precedence for those Products, Services or spare parts. Agilent expressly objects to any different or additional terms in your purchase/sales order documentation, unless agreed to in writing by Agilent. Spare parts and Service availability dates are estimated at the time of the quotation. Actual delivery dates or delivery windows will be specified at the time Agilent acknowledges and accepts your purchase order. The above conditions shall apply to the fullest extent permitted by the law governing this transaction and shall not derogate from any statutory or legal rights you may have thereunder. Commodities, technology or software exported from the United States of America ("U.S.") or from other exporting countries will be subject to the U.S. Export Administration Regulations and all exporting countries' export laws and regulations. Diversion contrary to U.S. law and the applicable export laws and regulations is prohibited. Warranty: Unless otherwise indicated herein, spare parts referenced in this document will receive a 90 day replacement warranty.

Agilent Payment Method: ACH.
Credit card accepted only at the time of order placement.
Agilent will charge 3% of the invoiced amount, when term invoices are paid with a credit card.
