**DISCUSSION:**

The City of Fort Worth Transportation and Public Works Department (TPW) requests the temporary closure of 5th Street between Forest Park Boulevard and Penn Street for the Clearfork Wastewater Force Main Project (City Project Number 100996). This project will consist of tunneling and open pavement cuts to install 24-inch, 27-inch, and 36-inch gravity and force main sewer lines. The work will require a very large footprint and will include shoring devices. Traffic control plans for this project have been previously accepted.
