M&C FILE NUMBER: M&C 25-0240

LOG NAME: 21CPN 100836 P04 M199C PARALLEL SS INTERCEPTOR

SUBJECT

(CD 7) Authorize Acquisition of 0.559 Acres in a Permanent Sanitary Sewer Easement and 0.286 Acres in Temporary Construction Easements from Real Property Owned by The Klinedinst Family Trust Located at 319 Burton Hill Road and 321 Burton Hill Road, Westworth Village, Tarrant County, Texas 76114 in the Amount of \$212,634.00 and Pay Estimated Closing Costs in an Amount Up to \$2,500.00 for a Total Cost of \$215,134.00 for the M199C Parallel SS Interceptor Project

RECOMMENDATION:

It is recommended that the City Council:

1. Authorize the acquisition of 0.559 acres in a permanent sanitary sewer easement and 0.286 acres in temporary construction easements from real property owned by The Klinedinst Family Trust located at 319 Burton Hill Road and 321 Burton Hill Road, Westworth Village, Tarrant County, Texas 76114 for the M199C Parallel SS Interceptor Project (City Project No. 100836);
2. Find that the total purchase price of \$212,634.00 is just compensation and pay estimated closing costs in an amount up to \$2,500.00 for a total cost of \$215,134.00; and
3. Authorize the City Manager or his designee to accept the conveyance and record the appropriate instruments.

DISCUSSION:

This Mayor and Council Communication (M&C) recommends the easement acquisitions needed for the construction of the M199C Parallel SS Interceptor Project. A 48-inch diameter relief sewer main will be installed parallel to an existing 30-inch diameter sewer main on the west side of Fort Worth. The existing 30-inch diameter sewer main is inadequately sized to convey sewage flow from new development on the west side of Fort Worth. The new sewer main will parallel the West Fork of the Trinity River and the Trinity Trail. The majority of the project is in Westworth Village with the southeast end of the project just north of Fort Worth.

This sewer main services customers in the West Fork Basin, which includes Fort Worth, Westworth Village, White Settlement and the Naval Air Station Joint Reserve Base Fort Worth (NAS JRB).

The project is bound by the NAS JRB to the west and the intersection of Dennis Avenue at Oak Forest Drive to the south. The project parallels Council District 7 to the east and ends just north of Council District 3.

An independent appraisal established the property's fair market value and the property owner has agreed to an amount of \$212,634.00 as total compensation for the needed property interests. The City of Fort Worth (City) will pay estimated closing costs in an amount up to \$2,500.00.

Upon City Council approval, staff will proceed with acquiring the needed easement interests, as shown below:

Funding is budgeted in the Water & Sewer Bond 2020A Fund for the Water Department for the purpose of funding the M199C Parallel SS Interceptor Project, as appropriated.

This property is located in Council District 7.

A Form 1295 is not required because: This M&C does not request approval of a contract with a business entity.

FISCAL INFORMATION / CERTIFICATION:

The Director of Finance certifies that funds are available in the current capital budget, as previously appropriated, in the Water & Sewer Bond 2020A Fund for the M199C Paralell SS Interceptor project to support the approval of the above recommendations and the acquisition of land. Prior to any expenditure being incurred, the Water Department has the responsibility to validate the availability of funds.
