Please provide details and facts to explain why you believe the exemption applies to the purchase. You may also attach documentation to this form. September 25, 2018, City Council approved M&C C-28877 authorizing execution of a three-year agreement for jail intake services with LaSalle Correction VI, LLC (LaSalle) in the amount of \$3,350,000.00 annually. Following the initial three year term, City Council authorized seven (7) one-year renewal options to align with the City's Fiscal Year. City Secretary Contract (CSC) 51346 was executed with LaSalle to receive, detain and care for all properly classified inmates in compliance with Texas Police Chief's Association (TPCA) best practices, the Texas Commission on Jail Standards (TCJS) if applicable, and state and local law. The City does not have adequate trained staff to provide booking, transfer, and detention of prisoners arrested by the City of Fort Worth. CSC 51346 was subsequently amended to include LaSalle's responsibility to collect DNA samples and submit to the Texas Department of Public Safety as well as increase officers wages to improve staffing shortages and retention levels to provide the necessary jail intake services. The jail facility has experienced over capacity issues during the six months and LaSalle has requested additional officers to assist with those conditions. The increase in the total annual contract amount is \$434,150.00 and therefore requires a new M&C approval. The Police Department is attempting to schedule the M&C for City Council's September 17, 2024 agenda, for a new annual contract amount up to \$4,184,150.00. The current renewal period expires September 30, 2024. Due to time constraints, the City is extending the expiration date on the current contract by 60 days to avoid a lapse in services. This request is to approve the exemption from Chapter 252 bidding requirements for jail intake operation and management services due to public health and safety concerns if services are not maintained through LaSalle. The Fort Worth Police Department must have a secure facility to house arrested persons while they await magistration; following magistration they may be released on bail or transferred to the Tarrant County Jail. Without a secure facility operation for the intake process, arrested persons would be released into the community again to commit crimes against the citizens of Fort Worth, endangering public safety as well as Fort Worth peace officers and first responders. As stated above, the City does not have adequate trained staff to conduct jail intake services as provided by LaSalle.

EXEMPTION FORM PRIMER

Below are explanations and examples of common exemptions that could apply to City purchases. If you have questions about the information provided or need additional information, please contact your department's assigned attorney or the appropriate purchasing attorney.

- **PUBLIC HEALTH & SAFETY** - A procurement necessary to preserve or protect the public health or safety of the municipality's residents;

Examples of activities that have been found to fall within this exception include ambulance services; solid waste collection and disposal; and first-responder safety equipment such as breathing apparatus for firefighters and bullet-proof vests for police officers.

- **UNFORESEEN DAMAGES** - A procurement necessary because of unforeseen damage to public machinery, equipment, or other property;

Examples of this type of procurement would include repairing or replacing roofs and windows damaged by hail or a tornado. But parts and services for routine maintenance or replacement of old, worn out roofs or windows would not meet this exception.

- **PERSONAL, PROFESSIONAL, OR PLANNING SERVICES**

Personal services are ones that are unique to the individual providing them. Therefore, personal services contract cannot generally be subcontracted or assigned.

Professional services are not defined under Chapter 252, so there is no precise definition to follow. There is no universal definition of this term, however, "several cases suggest that it... is 'predominately mental or intellectual, rather than physical or manual.'" Tex. Atty Gen Op. JM-940 (1988) (*quoting Maryland Casualty Co. v. Cray Water Co.*, 160 S.W. 2d 102 (Tex. Civ. App.—Eastland 1942, no writ). The Texas Attorney General has also opined that "professional services" no longer includes only the services of lawyers, physicians, or theologians, but also those members of disciplines requiring special knowledge or attainment and a high order of learning, skill, and intelligence. *Id.*

Facts needed to support a professional service exemption include the specialized requirements of that profession and the mental and intellectual skill required by the person while performing the service. Purchases of goods are not professional services.

- **SOLE SOURCE** – A procurement for items available only from one source

This exemption is commonly referred to as the sole source exemption. In determining whether a purchase is of a good or service that is available from one source, you should not consider price or time to receive the good or service. A sole source does not exist solely on the basis of personal or departmental preference or a desire to keep all units the same brand or make. The information needed to support this exemption is that no other provider

can provide the service or category of good except for the vendor you are proposing. Some examples of sole source purchases include service agreements when only one vendor is authorized to work on the equipment by the manufacturer and allowing another vendor would void the warranty; purchase of a good that is copyrighted or trademarked and only provided by one vendor.
