5. Authorize a payment pursuant to an award of commissioners or a negotiated settlement; and
6. Authorize the City Manager or his designee to accept and record the appropriate instruments.

DISCUSSION:

The land rights in the subject property are needed for the reconstruction and widening of WJ Boaz Road from Boat Club Road to Elkins School Road (City Project No. 103299). This project consists of widening and reconstructing approximately 1.1 miles of existing two-lane asphalt roadway to a four-lane divided concrete thoroughfare. The roadway improvements include pavement reconstruction with curb and gutter, drainage improvements, street lights, shared used paths and reconstruction of the existing roundabout at Bowman Roberts Road.

An independent appraisal established the property's fair market value for the right-of-way property interest in the total amount of \$32,600.00. Negotiations were unsuccessful due to the inability to negotiate agreeable terms for the property interest being acquired by the City.

Upon approval, a condemnation action will be brought and a Special Commissioner's hearing held to acquire the right-of-way easement interest on the property.
