DISCUSSION:

The purpose of this Mayor and Council Communication (M&C) is to recommend that the City Council authorize the condemnation by eminent domain to acquire 4.620 acres in Permanent Easement and approximately 1.544 acres for a Temporary Construction Easement Interest for real property owned by Andrews 440 Ranch, LP, located at 9513 Chapin Road, Fort Worth, Tarrant County, Texas for the Mary's Creek Force Main project, (City Project No. 103648).

The project will transport wastewater to the future Mary's Creek Water Reclamation Facility in order to treat wastewater produced in the rapidly developing western part for the City and source high-quality reclaimed water for future businesses and industries in the area.

An independent appraisal established the property's fair market value of the Permanent Sewer Easement and Temporary Construction Easement Acquisition in the total amount of \$276,300.00. Negotiations were unsuccessful due to the inability to negotiate agreeable terms for the property interest being acquired by the City.

Upon approval, a condemnation action will be brought and a Special Commissioner's hearing held to acquire the Permanent Sewer Easement and Temporary Construction Easement Interest on the property.
