SUBJECT

(CD 9) Authorize Execution of Supplemental Agreement No. 2 in the Amount of \$37,000.00 to the Railroad Crossing Improvements Agreement with Union Pacific Railroad Company for a Revised Contract Amount of \$132,000.00 for the West Felix Street Bridge Improvement Project

RECOMMENDATION:

It is recommended that the City Council authorize execution of Supplemental Agreement No. 2 to City Secretary Contract No. 58073, the Railroad Crossing Improvements Agreement with Union Pacific Railroad Company, in the amount of \$37,000.00 for a revised contract amount of \$132,000.00 for the West Felix Street Bridge Improvement project (City Project No. 101385).

DISCUSSION:

On September 6, 2022, a Railroad Crossing Improvement Agreement with Union Pacific Railroad Company (City Secretary Contract No. 58073), in the amount of \$50,000.00 was administratively authorized for professional and inspection services on the West Felix Street Bridge Improvements project (City Project No. 101385).

The agreement was subsequently amended by Supplemental Agreement No. 1, in the amount of \$45,000.00, which was administratively authorized on October 2, 2024, to continue the Union Pacific Railroad Company's professional and inspection services during the construction of the West Felix Street Bridge Improvements project.

The following table summarizes previous contract actions and amendments:

Contract	M&C	Date	Contract Amount
Original Contract	Administrative	09/06/2022	\$50,000.00
Supplemental Agreement No. 1	Administrative	10/02/2024	\$45,000.00
Supplemental Agreement No. 2	Pending	This M&C	\$37,000.00
Revised Contract Amount			\$132,000.00

The original Railroad Crossing Improvements Agreement with Union Pacific Railroad Company included an estimated cost for professional and inspection services provided by Union Pacific Railroad Company. The City of Fort Worth has now finalized the cost of these services. Amendment No. 2 to City Secretary Contract 58073 will provide the necessary funding to cover the cost of the remaining services required for the completion of the project.
