DISCUSSION:

The purpose of this Mayor and Council Communication (M&C) is to authorize the acquisition of certain easement interests for the Mary's Creek Lift Station Site & Force Main Alignment Project (City Project No. 103648). The project consists of constructing a force main and will extend approximately six miles from 315 Winscott Road to the Mary's Creek Water Reclamation Facility at 11091 Chapin Road. The force main will be installed by open cut with the exception of major road crossings which will require tunneling and boring.

This M&C will authorize the acquisition of approximately 0.162 acres in a permanent sanitary sewer easement and approximately 0.114 acres for a temporary construction easement from property owned by Ryan Vinson located at 4333 Esprit Ave, Fort Worth, Tarrant County, Texas, 76126 in the John Bursey Survey, Abstract No. 128, for the Mary's Creek Lift Station Site & Force Main Alignment project (City Project No. 103648)

An independent appraisal established the property's fair market value and the property owner has agreed to the negotiated amount of \$273,800.00 as total compensation for the needed easement interests (as shown below). The City of Fort Worth will pay estimated closing costs in an amount up to \$5,000.00.

Upon City Council approval, staff will proceed with acquiring the needed permanent sanitary sewer easement (PSSE), and temporary construction easement interests (TCE).

Funding is budgeted in the Water & Sewer Bond 2017A Fund for the purpose of funding the Mary's Creek Lift Station Site & Force Main Alignment project, as appropriated.

This property is located in COUNCIL DISTRICT 3.

A Form 1295 is not required because: This M&C does not request approval of a contract with a business entity.

The Director of Finance certifies that funds are available in the current capital budget, as previously appropriated, in the Water & Sewer Bond 2017A Fund for the MC LS Site & FM Align project to support approval of the above recommendations and acquisition of the easements.
