Owner / Applicant: **Ridglea 54, LLC**

Site Location: 6000 Malvey Ave. Acreage: 0.14 ac

Proposed Use: **Multifamily Office**

Request: From: "B" Two-Family
To: "C" Medium Density Multifamily

Land Use Compatibility: Requested change **is compatible.**

Comprehensive Plan Consistency: Requested change **is consistent. (Minor Boundary Adjustment)**

Staff Recommendation: **Approval**

Background:

The applicant requests a rezoning from "B" Two-Family to "C" Medium Density Multifamily. The two proposed lots are the remaining two "B" zoned properties on the block with the remainder of the block face being an existing apartment complex. The request is for these two lots to be rezoned to "C" so that the existing home can be utilized as the complex's management and leasing office. There are adjacent "B" zoned properties with existing single family homes on them and those uses are separated by Bryant Irvin Rd. to the east and Malvey Ave. to the south.

Development Impact Analysis:

1. Land Use Compatibility

The applicant is proposing to change the zoning to "C" Medium Density Multifamily for a multifamily office use. The subject property is located within the same block face of the existing multifamily complex that it will serve. The remainder of the block face is shared with an existing church and associated parking lot. Single-family uses are located to the east south and separated by ROWs from the proposed use.

The proposed of multifamily office **is compatible** with surrounding uses.

2. Comprehensive Plan Consistency – W. Hill/Ridglea

The 2019 Comprehensive Plan designates the subject property as Single Family. The multifamily office meets the below policies within the following Comprehensive Plan:

- Locate multifamily units within walking distance of public transportation, employment, recreation, and/or shopping to increase accessibility and decrease vehicular traffic.
- Separate incompatible land uses with buffers or transitional uses. Some land uses have attributes such as height, proportion, scale, operational characteristics, traffic generated, or appearance that may not be compatible with the attributes of other uses.

Based on conformance with the policies stated above, the proposed zoning **is consistent (minor boundary adjustment)** with the Comprehensive Plan.
