SUBJECT: Tarrant County 9-1-1 District, Structure, Funding, and FY25 Budget Approval

The following Informal Report provides an update on the Tarrant County 9-1-1 District’s governance, organizational structure, priority initiatives, and an overview of the District’s FY25 budget, which requires Mayor and Council approval.

History

In April 1985, the citizens of Tarrant County overwhelmingly approved (86.5% of the vote) a referendum creating a communications district and giving the authorization to collect a service fee (20 cents per residential phone line, 46 cents per business phone line, and 74 cents per business trunk line). Following the 1985 balloting, the Tarrant County 9-1-1 Emergency Assistance District was staffed and began implementation of 9-1-1 districtwide. On August 1, 1987, enhanced 9-1-1 was implemented in Tarrant County.

Governance and Mission

The District is governed by a Board of Managers, comprised of two members appointed by the City of Fort Worth, one appointed by Commissioners Court, the City of Arlington, the City of Grand Prairie, the City of Irving, and the Tarrant County Mayor’s Council. One non-voting member represents the major service supplier.

The Tarrant County 9-1-1 District’s mission is to continuously provide reliable, accurate, responsive, and effective emergency communication networks and services to our member jurisdictions ensuring the protection of life and property for citizens in our community.

Key Deliverables

- Ensure availability of the 9-1-1 system to all persons and entities within the Tarrant County 9-1-1 District.
- Provide continuous improvement of systems and services through research and implementation of industry “best practices.”
- Enhance public education and awareness of available and future 9-1-1 services.
- To provide leadership in the areas of legislation, regulation, and technology.
- Advise, inform and educate Telecommunicators (and other public safety personnel) to ensure adherence to federal and state emergency communications laws and requirements.

TC 9-1-1 District Funding

Legislation under which the District was created authorizes the District to receive a monthly per-line fee from each telephone customer of up to six percent of the dominant telephone service provider’s base rate. The following monthly 9-1-1 service fees on each telephone line were revised and adopted by the Board of Managers on August 23, 2021:

Residential lines:	\$0.20 per line
Business lines:	\$1.75 per line
Business trunks:	\$2.50 per trunk
Nomadic VoIP:	\$0.50 per line

In addition to the fee established by the Board of Managers, the District also receives a portion of the statewide surcharge on wireless telephone service. The surcharge is assessed at 50 cents per activated handset and is distributed to 9-1-1 jurisdictions based on population.

To the Mayor and Members of the City Council**September 10, 2024**

Page 2 of 2

**SUBJECT: Tarrant County 9-1-1 District, Structure, Funding, and FY25 Budget Approval**FY25 Proposed Budget for the Tarrant County 9-1-1 District Board (attached) includes:

Below are bullet points highlighting our major budget projects for 2025:

- Finalizing the sale of 2600 Airport Freeway with the Texas Department of Transportation
 - The District's commitment to securing a new headquarters due to eminent domain is complete and payment from 2600 Airport Freeway marked to ensure the new building meets 9-1-1 standards and security requirements.
 - Extensive research and feasibility studies concluded the new location meets the District's long-term needs. These studies involved a comprehensive analysis of various sites, including their strategic value, accessibility, and cost-effectiveness.
 - The District hired an Eminent Domain Consultant to ensure the legal framework governing eminent domain meets all actions for compliant with relevant regulations and standards.
- Construction and buildout of 12600 Willow Springs, Fort Worth, TX 76052:
 - The Board of Managers approved a Construction Manager at Risk (CMaR), and the Phase 2 buildout completion date is May 2025.
 - Phase 3 includes landscape and earth moving to comply with FEMA requirements targeted for completion in December 2025.
 - Next Generation Core Services
- The Board of Managers approved Motorola Solutions as the NG9-1-1 Core Services provider. Due to eminent domain, implementation is contingent of the newly completed Phase 1 Data Center buildout at 12600 Willow Springs, Fort Worth, TX 76052:
 - Providing a robust and resilient NG9-1-1 infrastructure, including a resilient Data Center, Lab, and Network Operations Center, allows (for the first time) in-house care, custody, and control of a redundant, resilient, and secure 9-1-1 system for our citizens.
 - The NG9-1-1 Project is a multi-year project targeted to be complete in December 2026.

Next Steps

An M&C will be on the September 17th Council non-consent agenda to approve the FY25 budget for the Tarrant County 9-1-1 District. Additionally, the District is available to update the Mayor and Council on the Next Gen 911 Project at an upcoming Council Work Session.

OVERVIEW

OUR MISSION

The Tarrant County 9-1-1 District will continuously provide **reliable, accurate, responsive, and effective** emergency communication networks and services to our member jurisdictions ensuring the protection of life and property for citizens in our community.

9-1-1 District Background

The establishment of the Tarrant County 9-1-1 Emergency Assistance District was authorized by the State Legislature and ratified by the voters in 1985 for the purpose of implementing and maintaining an Enhanced 9-1-1 Emergency call network for residents of the District. District boundaries include all of Tarrant County, all areas outside Tarrant County included in the corporate limits of a member city, DFW Airport, and the City of Irving.

Purpose

“To establish the number 9-1-1 as the primary emergency telephone number for use by certain local governments in this state and to encourage units of local governments and combinations of those units of local government to develop and improve emergency communication procedures and facilities in a manner that will make possible the quick response to any person calling the telephone number 9-1-1 seeking police, fire, medical, rescue and other emergency services.”

Participating Member Cities

<ul style="list-style-type: none"> • Arlington • Azle • Bedford • Benbrook • Blue Mound • Burleson • Colleyville • Crowley • Dallas/Fort Worth Airport • Dalworthington Gardens • Edgecliffs • Euless • Everman • Forest Hill • Fort Worth 	<ul style="list-style-type: none"> • Grand Prairie • Grapevine • Haltom City • Haslet • Hurst • Irving • Keller • Kennedale • Lakeside • Lake Worth • Mansfield • North Richland Hills • Pantego 	<ul style="list-style-type: none"> • Pelican Bay • Richland Hills • River Oaks • Saginaw • Sansom Park • Southlake • Watauga • Westlake • Westover Hills • Westworth Village • White Settlement • Unincorporated Tarrant County
---	---	---

District Management

As defined in the legislation, the District is governed by a Board of Managers, who appoints an Executive Director. Current board members and their appointing authority include:

Member

- Aubry Insko (Chair)
- Rick Brunson (Vice-Chair)
- Jonathan Ingols
- Ray Richardson
- Valerie Washington
- Robert Alldredge
- Sam Hall
- Robert Brooks

Appointed By

- City of Grand Prairie
- Tarrant County Commissioners Court
- City of Arlington
- Mayors' Council
- City of Fort Worth
- City of Fort Worth
- City of Irving
- AT&T (non-voting)

The Emergency Telephone Number Act states, "...the Board shall manage, control and administer the District. The Board may adopt rules for the operation of the District." The legislation also allows the Board to appoint a director of communications for the District who serves as its general manager. The director, with approval from the Board, manages the services necessary to carry out the purposes of the Emergency Telephone Number Act.

Goals and Objectives

Goal 1: Maintain Standards of Sound Governance

Objective 1-A: Budget Performance

Objective 1-B: Annual Policy Review

Objective 1-C: Annual Review of Mandated Statutory and Regulation Compliance

Objective 1-D: Annual PSAP Managers Survey

Objective 1-E: Staff Development

Objective 1-F: External Influence

Goal 2: Maintain Reliable Network

Objective 2-A: Network Availability

Objective 2-B: Monitor PSAP Hold Times

Objective 2-C: Mean-time to Repair

Objective 2-D: System Capacity

Objective 2-E: Preparedness

Objective 2-F: Wireless and Nomadic VoIP Testing

Objective 2-G: Customer Premise Equipment

Goal 3: Maintain Quality Databases

Objective 3-A: Call Statistics

Objective 3-B: Routing

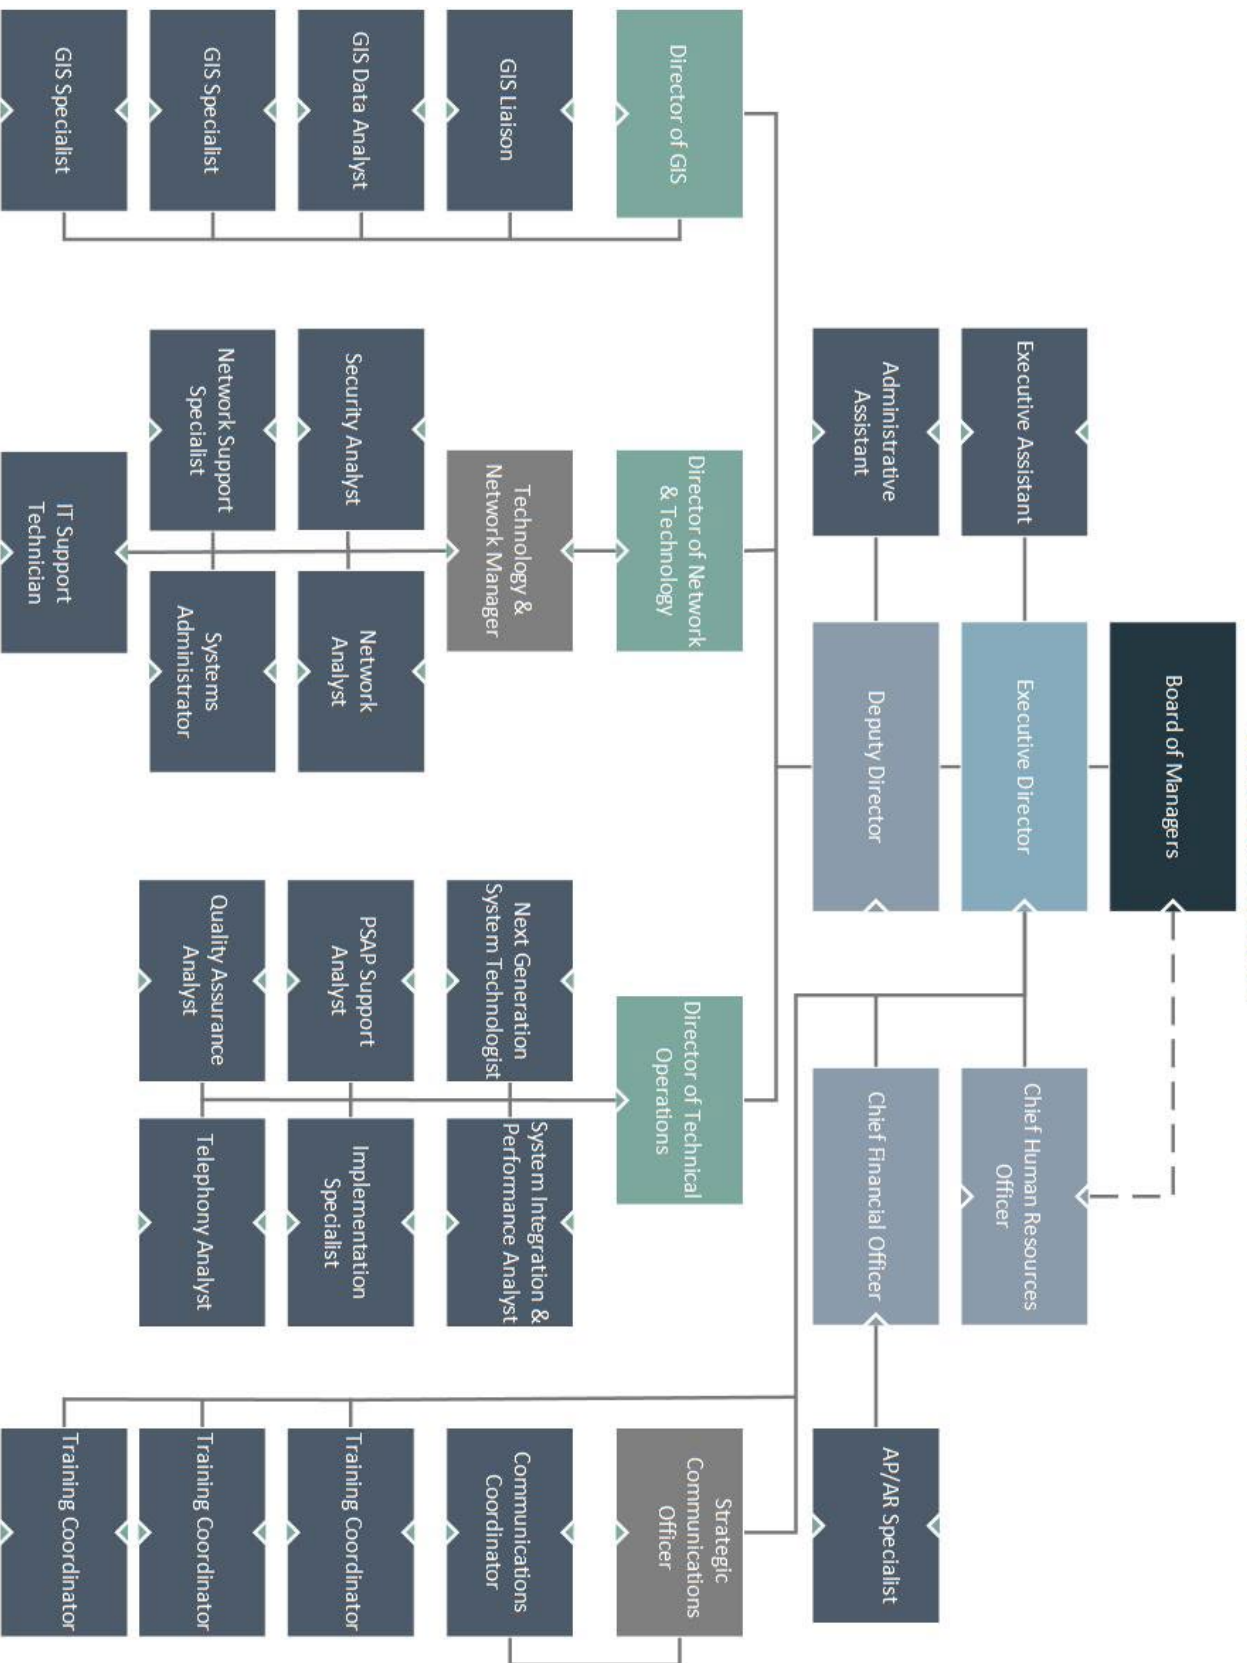

Goal 4: Effective Outreach, Communications, and Education

Objective 4-A: Engaging Stakeholders

Objective 4-B: Stakeholder Communications

Objective 4-C: Training

Tarrant County 9-1-1 Emergency Assistance District Organizational Chart

TARRANT COUNTY 9-1-1 EMERGENCY ASSISTANCE DISTRICT

FY 2025 BUDGET

Executive Summary

The FY 2025 Budget has been crafted to support the District's forward movement in several critical areas of public safety communications.

- NG9-1-1 call routing technology is constantly evolving, and TC9-1-1 is dedicated to providing a solution to end-of-life equipment. TC9-1-1 staff continues to research new technologies and service offerings that help enhance our 9-1-1 service infrastructure to deliver voice, video, text, and data calls. Legacy 9-1-1 solutions have limitations Next Generation 9-1-1 Core Services (NGCS) has been designed to eliminate.
- The migration away from legacy 9-1-1 systems covers eight categories: Network (NG9-1-1 and ESInet), 9-1-1 Call Routing and Location, Geographic Information Systems (GIS), NG9-1-1 Core Services, PSAP 9-1-1 Call Handling Systems and Applications, Security, Operations and Operational Planning.
- Planned progress on the Next Generation of 9-1-1 services through continued interaction with our user base, proof of concept projects, and the continued maintenance and upgrades to the NG911 system, when appropriate.
- A focus on Contingency and Continuation of Operations through proof of concept on our Regional Relocation Site strategy and an expanded program for onsite power support to enhance the ability of PSAPs to remain in their primary facility and sustain normal operations during limited commercial failure incidents.
- Continue testing with carriers and service providers for improved location-based routing and preparation for the Z-Axis (height) data.
- The District has been awarded Grant through Commission on State Emergency Communications (CSEC) as a Subrecipient of federal Coronavirus State Fiscal Recovery Fund (CSFRF) funding opportunity # 4549601 for the Next-Generation 9-1-1 upgrade. The grant program originally was ending on December 31, 2024 but the deadline was extended to December 31, 2026.
- The District is continuing to build the reserves for the Next-Generation 9-1-1 upgrade.
- Due to the Texas Department of Transportation's eminent domain, the District's new headquarters Phase 1 is near completion, and Phase 2 and Phase 3 are scheduled to start soon. The total cost of building build-out is approximately \$27 million, scheduled to be completed in May 2025.

Funding

Legislation under which the District was created authorizes the District to receive a monthly per-line fee from each telephone customer of up to six percent of the dominant telephone service provider's base rate. The following monthly 9-1-1 service fees on each telephone line were revised and adopted by the Board of Managers on May 15, 2023 (RN 23-028):

Residential lines:	\$0.20 per line
Business lines:	\$1.75 per line
Business trunks:	\$2.50 per trunk
Nomadic VoIP:	\$0.50 per line

In addition to the fee established by the Board of Managers, the District also receives a portion of the statewide surcharge on wireless telephone service. The surcharge is assessed at 50 cents per activated handset and is distributed to 9-1-1 jurisdictions based on population.

Expenditures

The following are highlights of expenditures for FY 2025:

- The District's overall operating budget for FY 2025 decreased by \$3.57 million. The reduction will help support the completion of the Next-Generation Core Services project. In FY 2025, the District designated around \$2.4 million specifically for Next-Generation 9-1-1 related expenditures.
- TC9-1-1 will work with industry providers to research, identify, and evaluate mitigation solutions. The Network & Technology Team will recommend potential solutions for future years based on funding availability.
- An extensively expanded training program and assistance with pre-hiring testing to support call-taker retention at participating PSAPs.
- An expanded public education emphasis with an outreach program strongly focused on young consumers and family units.
- The GIS team will continue to work on addressing data to ensure optimal location accuracy for wireless devices used to call for assistance. Ensuring the Master Street Address Guide (MSAG) and Automatic Location Identification (ALI) data are current and match the National Emergency Number Association (NENA) standards of 98% accuracy (currently at 99.22%).
- Continued focus on network security for both the PSAP and administrative networks.
- Texas Department of Transportation has notified the District to vacate the main office building located at 2600 Airport Freeway Fort Worth, TX 76111, due to the expansion work on Hwy 121. The District didn't budget or plan this expenditure, so it will use its reserve fund balance to plan and pay for the new office building location and any associated expenses related to the move.

FY 2025 FUND BALANCE PROJECTION

There are three significant types of reserve funds: Legally Restricted Reserves, Board Designated Reserves, and Unrestricted Reserves. Legally Restricted Reserves have restrictions imposed by an outside source, such as bond covenants, contractual obligations, etc. Board Designated Reserves are set aside for a specific purpose as determined by the Board of Managers. The Board of Managers has the authority to redirect the use of these reserves as the needs of the District change. Unrestricted Reserves are planned for use within a budget year for contingencies.

Legally Restricted Reserves

9-1-1 Emergency Equipment Fund

The Board established this fund to fund equipment acquisition and replacement projects as planned in the Capital Improvement Program (CIP) and the Five-Year Financial Plan. The balance shall not exceed total expenditures planned in the Capital Improvement Program and Five-Year Financial Plan.

Board Designated Reserves

Employee Benefits Payable Fund

Even though Government Accounting Standards Board (GASB) Statement 45 does NOT require the reporting of other post-employment benefits, they are a District's financial obligation.

Sick Leave Payable: It is the policy of the District to reward an employee upon retirement for a percentage of unused sick leave in accordance with the provision of the Personnel Policy.

Vacation Payable: Upon termination of employment, each employee is eligible for their accrued vacation leave.

TCDRS Underfunding: If at any time the District's Texas County and District Retirement System (TCDRS) account is underfunded, the District will establish sufficient reserves to fund that account fully.

Unemployment Compensation: The District is self-insured against unemployment liabilities. The District shall maintain sufficient reserves for this self-insurance.

Unrestricted Undesignated Reserves

Any remaining balance shall be considered unrestricted reserves. Any excess reserves in this category may result in an adjustment to the District's service fee.

Tarrant County 9-1-1 District's Reserve Fund - Specific Purposes

	Amount
Fund Balance, September 30, 2023	\$20,817,074
Projected surplus (deficit), FY 2024	\$9,880,591
