**DISCUSSION:**

On November 9, 2021, Mayor and Council Communication (M&C 21-0867) the City Council authorized the execution of a contract in the amount of \$750,000.00, with William J. Schultz, Inc. d/b/a Circle C Construction Company for the 2021 Water Main Leak Repair Contract (City Secretary Contract No. 56896) and provided for the option of three renewals.

The City and the Contractor desire to exercise the first renewal of the contract in the amount of \$750,000.00 with the same terms and conditions.

The work to be performed under this contract consists of repairing water mains as leaks in the system are found. This contract is necessary to maintain quality water service by augmenting Water Field Operations’ efforts in repairing water main leaks within the water system in a timely manner.

In addition to the contract renewal amount, \$150,000.00 is required for project management, material testing and inspection.

It is the practice of the Water Department to appropriate its CIP plan throughout the fiscal years as projects commence, additional funding needs are identified and to comply with bond covenants. The actions in the M&C will appropriate funds in support of the Water’s portion of the City of Fort Worth’s Fiscal Years 2022-2026 Capital Improvement Program, as follows:
