DATE: 11/09/21

M&C FILE NUMBER: M&C 21-0856

LOG NAME: 23TCEQ PM 10 CONTRACT FY2022

SUBJECT

(ALL) Authorize the Execution of Amendment #9 of the Intergovernmental Cooperative Reimbursement Contract with the Texas Commission on Environmental Quality in an Amount Not to Exceed \$124,800.00 for Air Pollution Control Services for the Two-Year Term Starting September 1, 2021 through August 31, 2023, Authorize Cash Match of \$61,468.66 the Two-Year Term Starting September 1, 2021 through August 31, 2023, and Adopt the Attached Appropriation Ordinance

RECOMMENDATION:

It is recommended that the City Council:

1. Authorize the execution of Amendment #9 of the intergovernmental cooperative reimbursement contract with the Texas Commission on Environmental Quality (Contract #582-18-80091) in an amount not to exceed \$124,800.00 for air pollution control services for the two-year term starting September 1, 2021 through August 31, 2023;
2. Authorize cash match from the City's Environmental Protection Fund of \$61,468.66 for the two-year term starting September 1, 2021 through August 31, 2023; and
3. Adopt the attached appropriation ordinance increasing estimated receipts and appropriations in the Grants Operating Federal Fund, subject to receipt of the grant, in the amount of \$186,268.66, for the purpose of funding ambient air monitoring operations.

DISCUSSION:

The City of Fort Worth (City) operates a comprehensive air quality program under four separate, but related contracts with the Texas Commission on Environmental Quality (TCEQ) This overall program benefits the City by ensuring that facilities are in compliance with air quality regulations and by supporting reliable data collection for air pollutants. One of the four contracts, partially funded by the State of Texas, specifically supports a portion of a regional ambient air pollution monitoring network. The Texas Commission on Environmental Quality is the pass-through agency for all Environmental Protection Agency (EPA) Section 105 Grant Funds. EPA Section 105 Grant Funds have been received annually by the City for its Air Pollution Control Program in cooperation with TCEQ to maintain and operate various ambient air monitoring stations. This includes daily monitoring of ozone, oxides of nitrogen, carbon monoxide, solar radiation, and meteorological data.

This grant covers the operation and maintenance of four Continuous Air Monitoring Stations and requires matching funds of \$61,468.66 for the two-year period. The City provides matching funds not to exceed 33 percent from the City's Environmental Protection Fund, such that the combined Federal and State share of the total funding for the Section 105 Grant does not exceed 67 percent. The matching funds must be allocated per maintenance of effort requirements for federal air pollution grants. Apply indirect costs at the approved percentage rate of 10 percent.
