

City of Fort Worth, Texas

Mayor and Council Communication

DATE: 02/25/25 M&C FILE NUMBER: M&C 25-0161

LOG NAME: 60EASTSWTMBEACHST-PAPEDAWSON

SUBJECT

(CD 2, CD 4 and Haltom City) Authorize Execution of an Engineering Agreement with Pape-Dawson Engineers, LLC in the Amount of \$1,214,684.00 for the Eastside Transmission Main in Beach Street Project, Adopt Resolution Expressing Official Intent to Reimburse Expenditures from Proceeds of Future Debt Project and Adopt Appropriation Ordinance to Effect a Portion of Water’s Contribution to Fiscal Years 2025-2029 Capital Improvement Program

RECOMMENDATION:

It is recommended that the City Council:

1. Authorize execution of an engineering agreement with Pape-Dawson Engineers, LLC in the amount of \$1,214,684.00 for Eastside Transmission Main in Beach Street project;
2. Adopt the attached resolution expressing Official Intent to Reimburse expenditures with proceeds of future enterprise fund debt for the Eastside Transmission Main in Beach Street project; and
3. Adopt the attached appropriation ordinance adjusting appropriations in the Water & Sewer Commercial Paper Fund by increasing appropriations in the Eastside Transmission Main in Beach Street project (City Project No. 105720) in the amount of \$1,648,764.00 and decreasing appropriations in the Commercial Paper project (City Project No. UCMLPR) by the same amount, to effect a portion of Water’s contribution to the Fiscal Years 2025-2029 Capital Improvement Program.

DISCUSSION:

This Mayor and Council Communication (M&C) is to authorize a contract with Pape-Dawson Engineers, LLC in the amount of \$1,214,684.00 for the preparation of plans and specifications for Eastside Transmission Main in Beach Street project. Due to high water demand in North Fort Worth and our northern wholesale customers, it is necessary to construct the proposed Water main as part of the Holly Pressure to Eastside Pressure Transfer to meet expected water demands. The water main will extend from the proposed Holly to Eastside II Pump Station which will be located in the vicinity of Meacham Boulevard / North Beach Street intersection to the North Beach Street / Western Center Boulevard intersection. In addition to design for the new water transmission main, the proposed agreement will also provide design for replacement of approximately 5,125 linear feet of deteriorated sanitary sewer mains located on North Beach Street and Western Center Boulevard.

In addition to the contract amount, \$434,080.00 is required for project management, real property acquisitions, utility coordination, and material testing. This project will have no impact on the Water Department's operating budget when completed.

Available cash within the Water and Sewer portfolio and the City’s portfolio along with the appropriation authority authorized under the Callable Commercial Paper Program (CP) will be used to provide interim financing for this project until debt is issued. Once debt associated with this project is sold, bond proceeds will be used to reimburse the Water and Sewer portfolio and the City’s portfolio in accordance with the attached reimbursement resolution. Under federal law, debt must be issued within approximately three years in order for these expenses to be reimbursable. Adoption of the attached resolution does not obligate the City to sell bonds, but preserves the ability of the City to reimburse itself from tax-exempt bond proceeds.

It is the practice of the Water Department to appropriate its CIP plan throughout the Fiscal Year (FY), instead of within the annual budget ordinance, as projects commence, additional funding needs are identified, and to comply with bond covenants. The actions in the M&C will appropriate funds in support of the Water’s portion of the City of Fort Worth’s Fiscal Years 2025-2029 Capital Improvement Program, as follows:

60EASTSWTMBEACHST-PAPEDAWSON

Capital Fund Name	Project Name	FY2025 CIP Appropriations	Authority	Budget Change (Increase/Decrease)	Revised FY2025 Budget
Fund 56023 - W&S Commercial Paper	105720-Eastside TM in Beach St	\$0.00	This M&C	\$1,648,764.00	\$1,648,764.00

Funding is budgeted in the Commercial Paper project within the W&S Commercial Paper Fund for the purpose of funding the Eastside Transmission Main in Beach Street project.

Funding for the Eastside Transmission Main in Beach Street project depicted below:

Fund	Existing Appropriations	Additional Appropriations	Project Total*
Fund 56023 - W&S Commercial Paper	\$0.00	\$1,648,764.00	\$1,648,764.00
Project Total	\$0.00	\$1,648,764.00	\$1,648,764.00

*Numbers rounded for presentation purposes.

BUSINESS EQUITY OFFICE: The Business Equity Division placed a 12.60 percent business equity goal on this solicitation/contract. Pape-Dawson Consulting Engineers, LLC, will be exceeding the goal at 24.48 percent, meeting the City's Business Equity Ordinance. Any changes in subcontractors will be reviewed by the Business Equity Division.

The project is located in COUNCIL DISTRICTS 2, 4 and Haltom City.

FISCAL INFORMATION / CERTIFICATION:

The Director of Finance certifies that funds are available in the Commercial Paper project within the W&S Commercial Paper Fund and upon approval of the above recommendations and adoption of the attached appropriation ordinance, funds will be available in the W&S Commercial Paper Fund for the Eastside TM in Beach St project to support the above recommendations and execution of the agreement. Prior to any expenditure being incurred, the Water Department has the responsibility to validate the availability of funds.
