## Project Description and Background

The site is located east of Anglin Drive and just north of Everman Kennedale Road. The applicant is proposing to rezone the property from “AG” Agricultural to “I” Light Industrial for a data center / support facility. The previous PD’s to the west-southwest area are zoned for a data center and support facilities use.

The first zoning case for this area (ZC-25-070) was approved by Council in August 2025. Additional property was added through the approval of ZC-25-131 by Council in September 2025.

### Surrounding Zoning and Land Uses

North: "AG" Agricultural and "PD1435" Planned Development for "I" Light Industrial uses limited to a data center with certain uses and exclusions with development standards; site plan waived / single-family and vacant land

East: "AG" Agricultural and County (ETJ) / vacant land and single-family

South: "PD1435" Planned Development for "I" Light Industrial uses limited to a data center with certain uses and exclusions with development standards; site plan waived, County (ETJ) / vacant / single-family with horse stables

West: "PD1435" Planned Development for "I" Light Industrial uses limited to a data center with certain uses and exclusions with development standards; site plan waived / vacant and single-family

## Recent Zoning History

- ZC-25-070: “PD1435” Planned Development for “I” Light Industrial uses limited to a data center with certain uses and exclusions with development standards; site plan waived, Approved by Council 8/2025
- ZC-25-132: “PD1420” Planned Development for data center excluding certain uses plus uses with development standards amended to add additional property, Approved by Council 9/2025
- ZC-24-153: “PD1420” Planned Development for data center excluding certain uses plus uses with development standards amended to add additional property, Approved by Council 1/2025
- ZC-25-131: “PD1435” Planned Development for “I” Light Industrial with uses limited to a data center plus uses with development standards, Approved by Council 9/2025
- ZC-25-184: From “AG” To “I” Light Industrial recommendation from Zoning Commission was for Approval, Council action on January 13, 2026.

## Development Impact Analysis

### Land Use Compatibility

Surrounding properties contain a mixture of land uses, including suburban single family residential, large lot/rural residential, sports facility, agricultural, solid waste landfill and vacant land. This site has access to Anglin Drive and Enon Road, both classified as neighborhood connectors.

This is the sixth rezoning request from this applicant for “PD/I” Light Industrial to accommodate a data center use in this area. The previous requests were approved by City Council. See map below. This zoning request is **consistent** with the previous requests and surrounding land uses.

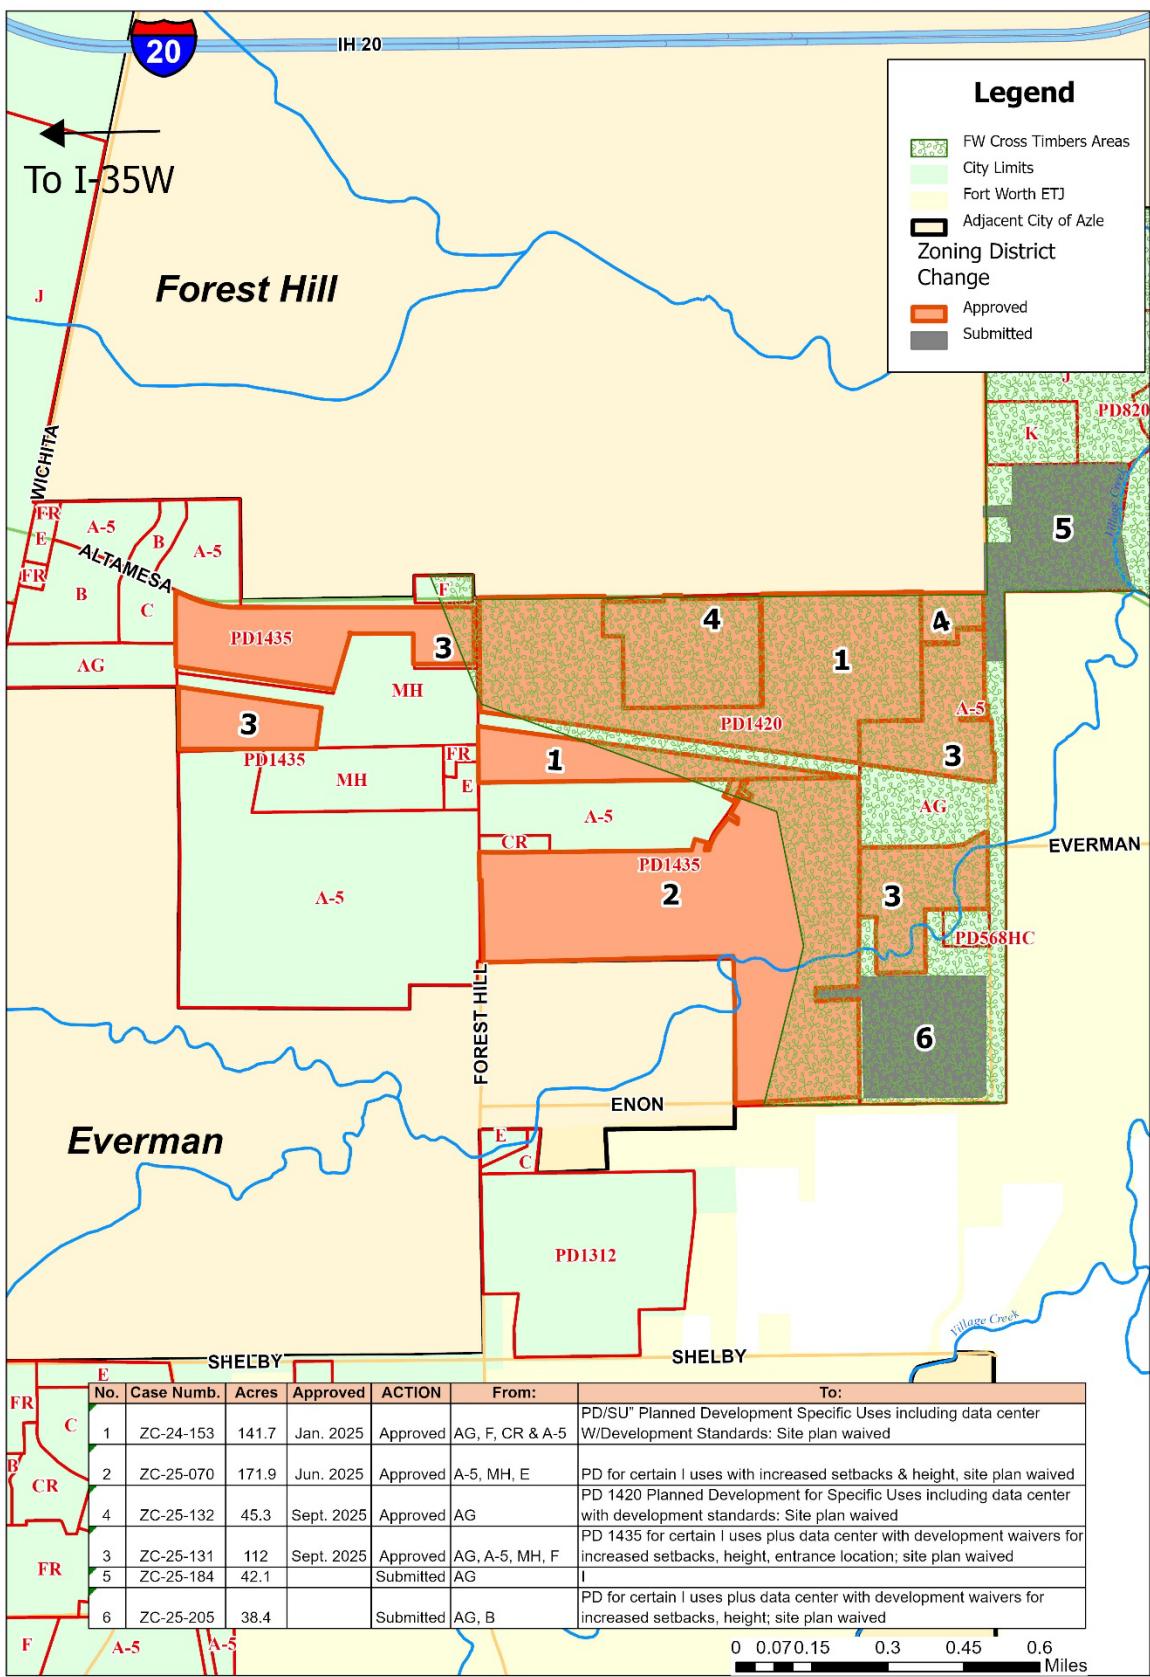

Additionally, this request includes the following development standards:

Zoning Ordinance Requirements for “I” Industrial Zoning District	Proposed PD Development Standards	Results
Building Setback from Single-Family Residential: 50 feet	Building Setback from Single-Family Residential: 75 feet	Increased building setback by 25 feet to buffer nearby single-family zoning districts.
Maximum Building Height: 3 stories or 55 feet	Maximum Building Height: 70 feet	Increased building height of 15 feet. Increased building setbacks create a buffer to protect nearby single-family zoning districts from increased building height.
Building Setback from “AG/PD 568”: None	Minimum building setback of 300 feet from property zoned “AG/PD 568” at 8100 Anglin Drive.	Creates a buffer requirement where the Zoning Ordinance does not require one.

The proposed PD development standards generally go above and beyond what is required by the Zoning Ordinance to buffer surrounding uses.

## Zoning District Changes Enabling Data Center Uses in Southeast Fort Worth

## Comprehensive Plan Consistency – Far South Sector

The 2023 Comprehensive Plan designates the subject property as “Single-Family Residential” on the Future Land Use Map. The agricultural portion is located at the far east side of the property. While the requested zoning change is **not consistent** with the Comprehensive Plan, Staff believes a Minor Boundary Adjustment is appropriate as the PD already exists for the use.

FUTURE LAND USE	DESCRIPTION	IMPLEMENTING ZONING
<b>SPECIAL</b>	Vacant, Undeveloped, Agricultural Vacant, undeveloped, or agriculture lands; vacant land located in the 100-year floodplain	AG
<b>INDUSTRIAL</b>	Light Industrial Warehousing, transportation, light assembly, outside storage	MU-2, I, All Commercial

This request **is consistent** with the following Comprehensive Plan policies:

- Separate incompatible land uses with buffers or transitional uses. Some land uses have attributes such as height, proportion, scale, operational characteristics, traffic generated, or appearance that may not be compatible with the attributes of other uses.
- Encourage the preservation and enhancement of the natural landscape by retaining trees, natural drainage ways, and unique vistas.
- Promote fiscally sustainable growth on the periphery of the city by encouraging development adjacent to existing adequate infrastructure and discouraging leapfrog development.

## Public Notification

### Written Notice

Written notice of the Zoning Commission public hearing was mailed to the owners of real property within 300 feet on **December 30, 2025**.

### Posted Notice

A sign was erected on the property on **November 15, 2025**.

### Published Notice

A notice of the public hearing before the City Council will be published in the Fort Worth Star Telegram at least 15 days before the hearing.
