### DISCUSSION:

The purpose of this Mayor and Council Communication (M&C) is to recommend that the City Council authorize the use of eminent domain to acquire 0.5018 acres in permanent easement and approximately 1.3336 acres for a temporary construction easement interest for real property owned by Akard Acquisition 2001 LLC, located at 11300 South Freeway, Fort Worth, Tarrant County, Texas for the Southside II Water Main project, (City Project No. 103649).

The land rights in the subject property are needed to provide additional water capacity to support the rapid growth in Fort Worth and the City of Crowley, who is a wholesale customer of Fort Worth (City Project No. 103649). The project includes the installation of approximately 7,750 linear feet of 24-inch water transmission main. Sections of the water main will be constructed by methods other than the open cut, including the crossings of West Rendon Crowley Road, Hemphill Street, Union Pacific Railroad, and Interstate Highway 35W. The remainder of the project will be installed by open cut at an average depth around 6-8 feet to top of pipe. The project is anticipated to begin construction in fall of 2026.

An independent appraisal established the property's fair market value of the Permanent Sewer Easement and Temporary Construction Easement Acquisition in the total amount of \$29,311.00. Negotiations were unsuccessful due to the inability to negotiate agreeable terms for the property interest being acquired by the City.

Upon approval, a condemnation action will be brought and a Special Commissioner's hearing held to acquire the Permanent Sewer Easement and Temporary Construction Easement Interest on the property.
