DISCUSSION:

Each year, the City of Fort Worth receives a grant offer from the Texas Department of Transportation (TxDOT) to provide needed routine maintenance items or to fund small capital improvement projects at Fort Worth Alliance Airport (Alliance Airport) with a total eligible project cost in the amount of \$100,000.00. This grant requires a 50 percent match of eligible project costs of up to \$50,000.00. Alliance Air Services, the company that manages Alliance Airport, will contribute \$50,000 to the City of Fort Worth to use as its 50 percent match of eligible project costs.

Allowable expenses under the Routine Airport Maintenance Project (RAMP) Grant include, but are not limited to, pavement crack sealing, pavement markings, drainage replacement or maintenance, replacement bulbs/lamps for airside lighting fixtures and security fencing. Engineering and design expenses are allowed for small capital projects that include, but are not limited to, public parking areas, hangar access roads and extension of runway lighting systems.

TxDOT does not permit reimbursement of indirect costs in this grant.

Alliance Airport is located in COUNCIL DISTRICT 7, Mapsco 7G, 7L and 7Q.

A Form 1295 is not required because: This contract will be with a governmental entity, state agency or public institution of higher education: Texas Department of Transportation

FISCAL INFORMATION / CERTIFICATION:
