## **DISCUSSION:**

The North Central Texas Council of Governments (NCTCOG) provides funds for sponsoring scrap tire collection events across the region. This allows cities and counties to host scrap tire collection events for residents or collect scrap tires from an illegal dump site on public property. If awarded, funds provided through this program would reimburse costs associated with scrap tire collection events promoted in the City of Fort Worth. Prior to this communication, the City conducted two scrap tire collections events funded through this program on November 16, 2024, and February 22, 2025 as authorized by Mayor & Council Communication (24-0969). The NCTCOG extended an opportunity to apply for additional funding.

The Environmental Services Department seeks funding to host up to two additional planned scrap tire collection events. If awarded, these events are tentatively scheduled for March 22, 2025, at the Handley Meadowbrook Community Center, located at 6201 Beatty Street, Fort Worth, and April 12, 2025, at the North Tri-Ethnic Community Center, located at 2950 Roosevelt Avenue, Fort Worth, from 8:00 AM to 1:00 PM. The previous two NCTCOG grant funded events were both held at the East Regional Library, located at 6301 Bridge St., Fort Worth.

No local match is required. Indirect costs do not apply.

Registration **GRNT-APPL-0000000114**

The performance period of this grant is anticipated to end on May 31, 2025.

These projects will serve All COUNCIL DISTRICTS.

A Form 1295 is not required because: This contract will be with a governmental entity, state agency or public institution of higher education:  
NCTCOG

## **FISCAL INFORMATION / CERTIFICATION:**

The Director of Finance certifies that upon approval of the above recommendations and adoption of the attached appropriation ordinance, funds will be available in the current operating budget, as appropriated, in the Grants Operating State Fund. The Environmental Services Department (and Financial Management Services) will be responsible for the collection and deposit of funds due to the City. Prior to an expenditure being incurred, the Environmental Services Department has the responsibility to validate the availability of funds. This is a reimbursement program.
