SUBJECT: FEBRUARY 2022 – SALES TAX UPDATE

Sales tax revenue represents approximately twenty-two percent of the City's General Fund anticipated revenue in Fiscal Year 2022. It is the second largest revenue source, with property tax being the largest. In addition, sales tax revenue represents the largest revenue source in the Crime Control and Prevention District Fund. Staff is committed to providing regular updates on this important, and sometimes volatile, revenue source.

The Texas Comptroller's Office posted February 2022 (Fiscal Year 2022, Period 5) collection results on April 12th, 2022. Actual receipts are dependent upon the timeliness and accuracy of sales tax payers' returns. This report provides Fort Worth's sales tax collections, a comparison of collections in the same period last year, and an estimated impact on the current year's budget. Recent years have included legislative reform on remitting sales tax to the state comptroller, effects of a historic winter storm, and the effects of a global pandemic. Activity is closely monitored and will be highlighted if significant impact is expected.

CURRENT PERIOD COLLECTIONS
Change Compared to Same Month in Prior Year

February collections continued a trend of stable performance after several months of stagnation following the initial response to COVID-19. Current collections also reflect heightened growth as compared to the same month last year, due to the pandemic's suppression of prior year activity. The Texas Governor fully lifted COVID-19 restrictions in March 2021. It is anticipated that in March of 2022, the year over year comparison by month will reflect lower percentage growth as a result of being free
