DISCUSSION:

The property rights in the subject property are needed for the construction, operation, maintenance, replacement, upgrade and repair of the permanent sewer line facility on the Sanitary Sewer Rehabilitation Contract 118 Project as necessary. This rehabilitation project will be for public use to repair damaged sewer lines, allow better flow within the sewer pipes and help prevent sewer backups on L-1457.

An independent appraisal established fair market value for the property interest (shown below) in the total amount of \$936.00. Negotiations were unsuccessful due to the inability to make contact with the property owner.

Upon approval, a condemnation action will be brought and a Special Commissioners' hearing held to acquire the permanent sewer easement interest on the property.
