DISCUSSION:

In the Fiscal Year 2021 Pay-Go Contract Street Maintenance Program, various types of street maintenance are grouped into specific contract packages. On August 27, 2019, the Mayor and Council Communication (M&C 19-0078) and City Council authorized the execution of the contract with C. Green Scaping, LP for 2020 Brick Pavement Rehabilitation project. That contract has two annual renewal options, but the M&C inadvertently failed to seek authorization of them. C. Green Scaping, LP has agreed to renew this contract under the same term, conditions, and prices. The 2021 Brick Pavement Rehabilitation project (City Project No. 103204) provides the repair and rehabilitation of brick pavement along four street segments listed below:

CD	Street Name	Street Limits	Block
7	Camp Bowie Boulevard	Boland Street – Prevost Street	3380 - 5299
9	Main Street	East Weatherford Street – West 3 rd Street	100 - 399
9	Main Street	West 4 th Street – West 9 th Street	500 - 999
9	South Main Street	West Jefferson Avenue – West Jessamine Street	1800 - 2299

Construction for this project is expected to start in early summer 2021 and to be completed approximately by fall 2021. Upon completion of the project there will be no anticipated impact on the General Fund operating budget.

M/WBE OFFICE – C. Green Scaping, LP, is in compliance with the City's BDE Ordinance by documenting good faith effort on the original submittal. Additionally, C. Green Scaping, LP is a certified M/WBE firm.

This project is located in COUNCIL DISTRICTS 7 and 9.

FISCAL INFORMATION / CERTIFICATION:

The Director of Finance certifies that funds are available in the current capital budget, as previously appropriated, in the General Capital Projects Fund for the 2021 Brick Pavement Rehab project to support the approval of the above recommendation and execution of the renewal of the contract.
